Introduction

BELIEVING that a Rate Book of the Public Service Corporations in Boston would prove a welcome and desirable addition to most offices, the Old Colony Trust Company undertook the amplification and completion of a work which was already well under way.

The various Public Service Corporations and business houses represented have been most generous in their co-operation, and we trust that every one receiving a copy of the book will find it a useful and convenient reference work.

The accuracy of the information is not guaranteed, although the utmost care has been taken in compiling it.

A JUDGE OF JUDGES.

It is a striking caprice of fate, as active in our political history, that the man who once cherished as the summit of his own ambition a seat on our highest judicial bench, but was denied this by the press of other duty or the lack of immediate opportunity, should now, when dowered with the recompense of our highest individual office, have named a majority of the Supreme Court. It is a record tying in number that of Jackson and Lincoln, and outdoing theirs in its brevity of compass Moreover, it follows solely the Grim Reaper's harvests of the ermine, as contrasted with the upsets of partisan politics or of war in earlier days.

It has been one of the happy traits of our history that so often the right man has coincided with the big job In the virtual reconstruction of our greatest court, this has once more happened. It is, moreover, a circumstance of far more lasting import than many showier performances. President Taft has been deemed by many to be rather inexpert in certain executive functions, wherein predecessors of more political versatility or intuition have shone, he has not been lynx-eyed in the apperception of political issues and exigencies By contrast, however, he shines with a lustre all his own when it comes to a fine discrimination in the field of written law and the interpreters thereof.

There has been no tincture of impulse or of favoritism. There has been a marked display of breadth and insight, dispassionate but sympathetic. He has ranged over wide fields of selection, calmly ignoring all frontiers of sectionalism, partisanship and bigotry. He has shown the patient research that is not satisfied with the easy and the obvious; and the result has been some appointments that stand as surprises and amount to discoveries.

Some of this will need a future background of judicial history to bring out vividly and convincingly those qualities of greatness that he has seen inherent in his appointees A Marshall or a Story might at times be appointed almost by sheer accident; but if the full majority as named by Taft shall measure up to the judicial stature that everybody is today willing to presume, it will constitute for Mr. Taft a chief claim to presidential greatness. One unfailing gift of the great is the ability, as Napoleon and Lincoln owned it, to pick and sort untested human nature. That the Taft nominees are not untrained may be here offset by the other fact that he himself, as a former judge, has perhaps labored under the handicap of most painters and poets who turn critic

There has already been an early harvest from the judicial orchard under the Taft husbandry. The outstanding decisions in the Oil and Tobacco cases, in a profundity, strength and beauty that have yet to win adequate general appreciation, are the great first fruits of what may well prove a distinctively new season in the court's annals. The court that could promulgate the "rule of reason" in so masterly a fashion is no colorless aye or nay tribunal; it reverts to the early traditions of positive if not absolutely constructive interpretation.

Quite as significant has been the court's coherence and unity of temper and action. The prestige of general unanimity has accompanied its recent findings, there has been none of the structural weakness of "a house divided against itself" To attribute this in any measurable degree to the dominating personality of the chief justice were an idle and cheap assumption; it marks rather a temperamental concert of vision, unmarred by individual strabismus. Those observers may also be proved correct who seem to discern a liberality of thought too broad and flexible to be bound by the petty technicalities that, in opinion of many, hav at times enmeshed American jurisprudence.

Great judges and commentators have recognized since the world began that while the spirit of law is inviolably sacred, yet the letter of law was made to serve man, in the ultimate senses of justice,—not man to be reframed in contradiction to the reason and the enduring public opinion decreed him by the highest Judge . The form of conception of law has meant much when in other ages the issues were those of personal life and liberty The same holds true when in a later era the law's deliberations grow economic more often than political, and its concerns become man's possessions rather than his life or limbs, and his material rights and duties as they are to be outlined throughout economic shiftings and complications.

It is in this new field that the surveyors and settlers of the law must as ever follow, with sure if slower step, the adventurous pioneers of "business." It is but one more coincidence that Mr. Taft, in whose administration the first great crux of such questions has come, should virtually have created the effective court to adjust to the Constitution, and the law under it, industrial conditions that are to the fathers' ways as is the aeroplane to the stage-coach. By their greatness in this task will Mr. Taft himself be measured as a judge of judges.

AMERICAN TELEPHONE & TELEGRAPH

Share Profits For 1911 Somewhat Less Than In 1910—Estimated At About 10½% To 11%—A Year Of Transition In Capitalization.

Boston—The forthcoming annual statement of American Telephone & Telegraph for the fiscal year ending Dec 31 will show a smaller percentage of share profits than any year in the past five This will be especially true if the attempt is made to determine share earnings by taking the full amount of stock outstanding at the close of the fiscal year, $318,427,500 On that basis, which is the severest test that could be applied, share profits would be about 10 5%, including the undivided earnings of operating companies, compared with 12 7% in 1910 and 11 1% in 1909 figured by a similar method of calculation The laicer method, however, is to take the average amount of stock outstanding during the year, which was about $280,000,000. On that basis, share earnings would be about 12%.

There has, of course, been no attempt made to make any record exhibit of earnings. A total of over $26,000,000 was charged to depreciation, an increase of over 25% in two years. This was in addition to ordinary maintenance outlays which regularly absorb approximately 28% of gross

In a broad way, 1911 was a year of transition from the standpoint of share profits This was due mainly to two facts In the first place, the first payment of 25% on account of the $55,000,000 new stock came due Nov 1, within two months of the close of the fiscal year Payments in full were so general that the company was compelled to issue an abnormal proportion of full-paid stock at the time of this first payment In the second place, there have been a number of very important exchanges of American Telephone shares for stocks of subsidiary companies The total amount involved has not been less than $20,000,000, affecting seven different operating companies.

As a result of the absorption into itself of these additional operating shares, American Telephone does, however, have today an equity in approximately 95% of the undivided earnings of its associated companies

It will take another 12 months before these two factors adjust themselves so as to have their normal influence on share profits.

NATIONAL CARBON CO.

Gross Sales Increase 20% While Net Falls Off 28%—Due To Lower Prices, Competition, Absorption, Of Western Electric Business

Boston—The surprising feature of National Carbon operations in 1911 was that with a gain of over 20% in gross, net profits were 28.5% less than in 1910 It is in fact necessary to go back to 1907 to find a year of as moderate net profits as was the late fiscal period

Several factors account for this large falling away in earning power For one thing prices were lower. A bigger volume of goods was moved than ever before, but it proved impossible to maintain prices with depression keen in collateral lines of trade. Further than that, the company is getting some increase in competition, especially in the manufacture of dry batteries. In the carbon business it is still supreme, doing all but a very small fraction of the business as has been the case for years

National Carbon's increase in gross is in considerable measure the reflection of taking over of the carbon business of the Western Electric Co something over a year ago This business was purchased to operate at a very small margin of profit Consequently while gross was swelled, little or no addition was made to net

National Carbon come within $40,000 of the $400,000 charged to depreciation in 1910 This depreciation is over and above the large annual sums yearly laid out in plant betterments and reconstruction For instance, in recently changing a factory over from one class of manufacture to the making of big carbons for electric furnaces the entire cost of the alteration amounting to many thousands of dollars was charged to expenses of operation. So liberal has the company been in this respect that it is understood that the present book value of plants does not represent over 50% of their actual cost

MAINE CENTRAL

Sells $12,000,000 One-Year 4% Notes For Refunding Purposes—Its Very Small Mortgage Debt.

Boston—The offering by a syndicate composed of Lee, Higginson & Co. and F S. Moseley & Co of $12,000,000 4% one-year Maine Central notes completes a piece of refunding which directors of that road have had under consideration for seven or eight months. It is simply a refunding operation and amounts to an annual saving in interest charges of between $150,000 and $160,000

It will be recalled that last July Maine Central shareholders authorized the issuance of a trifle over $5,000,000 of stock at par At the same time a general mortgage bond issue of $25,000,000 was created for refunding purposes. The road was authorized to sell $12,000,000 of the bonds at once, but for one reason or another has never done so

The sale of these $12,000,000 notes at this time is a temporary expedient and means that upon maturity the notes may themselves be refunded into the general mortgage bonds or taken up in part at least through issuance of more stock,—a step which was hinted at in the last annual statement

Maine Central has maturing on April 1 next an annual percentage of its bonded debt Of the $20,392,192 bonds of Maine Central proper there matures on the first day of April over 75%, or, to be exact, $15,484,000 This comprises four issues of consolidated mortgage bonds—$3,024,000 7% bonds; $269,500 5% bonds, $1,525,000 4½% bonds and $3,265,500 4% bonds In addition to these mortgage bonds there are two issues of notes —$5,000,000 2-year 4½s and $1,500,000 1-year 4s.

The proceeds of the stock, already paid for, and the new notes give about $1,500,000 in excess of the total maturing obligations.

A very interesting feature of this new financing is the fact that it leaves the main line of Maine Central, between Portland and Bangor, without any prior mortgage lien of any kind. The

(Continued on Page Six.)

THE MONEY MARKET.

Tone Firmer Locally—Some Banks Asking 3% For New Call Money—Sterling Exchange Firm

Boston—There is not a great abundance of money in Boston. The national banks have been losing cash and they are short in New York A curious fact is that the smaller banks are generally stronger than are the large ones

National banks have been large buyers of commercial paper because of the difficulty recently experienced in putting out call funds. But now deposits are decreasing rather than increasing, and there is a better local demand for call money, attributable largely to the increased activity at the Stock Exchange

It seems to be best banking opinion that rates will strengthen somewhat until we are well past the April settlement. What the condition then will be will depend on the position of general trade and speculation. Boston banks have been persistent losers to the sub-treasury of late.

In Europe there is unmistakable evidence of a recurrence of firm money in London At Berlin money appears to be particularly in request, and overtures have again been made to our bankers for short term accommodation in the shape of one month loans for which from 4¼@4½% is had.

The New York banks are likely to lose gold to Canada within the next few days New York exchange at Montreal has been falling recently and now stands at par It must, however, fall to 5-64 of 1% discount before shipments of gold coin across the border are profitable

The movement of gold from New York to Argentina has been resumed. Shipments are being made by several banking houses at once

On call, money rules from 2¾@3%. Some banks are now asking 3% for new money There have been a few mark-ups from 2½% to 3%, and it is thought that if the demand continues a few days longer mark-ups to 3% will be more general. Time money is possibly a shade firmer in tone, but very quiet. Short dates are 3@3½% and six months 3¾@4%. Some banks are not quoting under 3½% as the minimum In commercial paper there is very little doing locally There seems to be a good market in New York and the West Choice names are generally 3¾@3½% for six months

In New York, money on call at the Stock Exchange rules at 2¼% Time money is not offered so freely and there is a disposition in some quarters to look for firmer rates Quotations are 2¾@3% for 60 and 90 days, 3% for four months and 3@3¼% for six months, with banks generally asking the latter figure Commercial paper continues to range between 3½% and 3¾% for choice four to six months' names

Sterling exchange is firm

Boston sterling rates are Cables, $4 88¼, demand, $4.87¾; 60 days' sight, $4.84¼, commercial 60 days' sight, $4.83¾

London—Bar silver 27⅟₁₆d unchanged.

MAYFLOWER-OLD COLONY.

No. 17 Drill Down 1064 Feet And Still In Copper—10 Feet Of Vein "Very Rich "

Houghton, Mich —Mayflower No 17 drill hole is down 1064 feet and is still in copper This hole first entered mineralized ground at around 950 feet About 10 feet of the core is very rich

With more than 100 feet of mineralized ground already in evidence in this hole it would appear as if the several copper courses encountered in No 16 hole have come together and formed into a single thick shoot at this particular point

Old Colony No 13 is down 1250 feet and temporarily stopped by broken ground which will require cementing. This hole is scheduled to go at least 1500 feet

OSCEOLA

Shows Net Profits For Year 1911 Of $664,627—17,470,124 Pounds Copper Sold At An Average Price Of 12.72 Cents

Boston—The Osceola Consolidated Mining Co. is mailing to stockholders its annual report for the year 1911. It shows as follows:

17,470,124 lbs. copper sold at 12.72c		$2,222,775
Copper unsold, 918,069 lbs. at 14c		128,500

DOMESTIC AND FOREIGN MONEY ORDERS

BY TELEGRAPH OR CABLE

Domestic and foreign orders for the *immediate transfer of money by telegraph and cable to all the world.* Under special arrangement with the British Government all orders for Great Britain and Ireland are paid by the BRITISH POST OFFICE DEPARTMENT.

At both offices of the Old Colony Trust Company there are thoroughly modern vaults for the storage of securities or valuables, and comfortable private rooms for their examination, or for consultation and writing.

1.—"CABLE LETTERS"
2.—"WEEK END CABLE LETTERS"
3.—"DEFERRED SERVICE"

1. "CABLE LETTERS" in plain English language may be filed at any hour, to be forwarded to reach London or Liverpool in time for delivery on the morning of the second day after filing. The rate for this service is $1.50 for 20 words, with 30 cents added for each additional 5 words.

2. "WEEK END CABLE LETTERS" in plain English language may be filed at any hour up to midnight on Saturday, to reach London or Liverpool in time for delivery on the following Tuesday morning. The rate for this service is $1.50 for 30 words, with 25 cents added for each additional 5 words.

"CABLE LETTERS" and "WEEK END CABLE LETTERS" destined to points outside of London and Liverpool will be delivered by mail, without extra charge for postage, unless telegraphic delivery is desired and indicated by sender at time of filing, in which latter event the rate of 1 cent per word for telegraph transmission (with a minimum of 12 words, including address and signature) will apply to points in Great Britain and Ireland.

CABLE TOLLS LONDON TO

ANDRIA,	7 cts. per word	SPAIN,	15 cts. per word
FRANCE,	7½ ,, ,, ,,	DENMARK,	10 ,, ,, ,,
GERMANY,	9 ,, ,, ,,	NORWAY,	10 ,, ,, ,,
BELGIUM,	5 ,, ,, ,,	SWEDEN,	13 ,, ,, ,,
HOLLAND,	5 ,, ,, ,,	RUSSIA,	18 ,, ,, ,,
SWITZERLAND,	5 ,, ,, ,,	TURKEY, Europe,	11 ,, ,, ,,
ITALY,	6 ,, ,, ,	TURKEY, Asia,	20 ,, ,, ,,

To other points in Europe the usual tariffs beyond London will apply, in addition to the cable tolls quoted. "CABLE LETTERS" and "WEEK END CABLE LETTERS," taking mail delivery to points outside London or Liverpool, will be mailed so as to reach destination as nearly as possible on second day after filing.

DEFERRED SERVICE AT HALF RATES

3. The "DEFERRED SERVICE" requirements are that messages must be written in plain English, or French, or other language of the country of origin or destination, and the sender must declare which of these languages is used, by writing the letters LCF, LCO or LCD before the address, according to his declaration, paying the charges for one word, this being a European Government stipulation.

The message must have at least one text word; the address may be a registered Cable Address; house and street numbers, if given, may be expressed in figures. The text or body of the message must be written in plain language, without figures, commercial marks, groups of letters, or abbreviations or mutilations, and all numbers, except in the address, must be written in words. Genuine words, with not more than fifteen letters, will be charged as single words. Deferred messages will only be delayed until the transmission of "Fast Regular Cables" on hand has been completed; and in no case longer than 24 hours, when they will take their turn with fully paid business.

The "Deferred Service" at half rates is in effect, at present only, to the following-named countries and places:

Belgium
Egypt
France
Germany
Great Britain and Ireland
India and Burmah

TRANSATLANTIC WIRELESS SERVICE

Transatlantic Wireless Messages cannot be Prepaid. Messages to Ships can be Prepaid at any Telegraph Office

The method of filing Marconigrams for Transatlantic transmission differs somewhat from that employed by the Cable Companies. Owing to the existing arrangement between the Cable Companies and the Telegraph Companies in the United States and Canada, the latter are not allowed to collect Marconi tolls on Transatlantic Marconigrams. This has necessitated an arrangement whereby all telegrams for Transatlantic transmission are forwarded "landline charges collect," addressed Marconi Station, Glace Bay, and signed by a special identifying word which is assigned to each customer. This method renders it necessary for the prospective user of the system to communicate with the Head Office of the Company at Montreal, in order that a special word may be assigned to him with which his messages must be signed in order to insure identification at the Marconi Station, Glace Bay. This arrangement is extended by the Marconi Wireless Telegraph Company to responsible parties only.

The rate per word covers all charges and the customers are billed monthly by the Marconi Company. Words, letters, figures and ciphers are counted in the same manner as by the Cable Companies. A schedule of rates from Boston and the State of Massachusetts to various European countries is as follows:

Great Britain and Ireland	per word,		18c
France	,,	,,	21c
Germany	,,	,,	21c
Holland	,,	,,	21c

WIRELESS TELEGRAPH SERVICE TO SHIPS

Telegrams should be addressed: Name of passenger, name of ship, name of coast station through which it is desired that the telegram be sent.

EXAMPLE: FRED EASTGATE,
S. S. GEORGE WASHINGTON,
Via SIASCONSET, MASS.

Messages for transmission to outgoing and incoming transatlantic steamers may be filed at any telegraph office in the United States and Canada.

Sailing lists of all ships having Marconi Telegraph offices on board, showing the latest time after departure and the earliest time before arrival at which they are in communication with the various coast stations are compiled and supplied by the Marconi Wireless Telegraph Company of America to all telegraph offices in the United States and may be seen at any time.

Copies of these lists may be obtained free of charge on application at the Company's Head Office, 27 William Street, New York.

The safe deposit vaults at the two offices of the Old Colony Trust Company present unusual advantages both on account of their modern construction and their convenient location.

The Company is prepared to announce the arrival of the above vessels 48 to 4 hours before docking, at a uniform charge of $1.50 per vessel.

Requests for these reports must be made at the Company's Head Office, 27 William St., New York.

A depositor with the Old Colony Trust Company has every banking facility at his disposal as well as the additional advantage of two centrally located offices which may be used interchangeably.

OUR MASTERPIECE

The Standard Visible Oliver Typewriter Model No. 5

EQUIPPED WITH PRINTYPE

PRINTYPE, the beautiful new face type originated for The Oliver Typewriter, is daily gaining added fame. The shaded letters of PRINTYPE give distinction and character to typewritten correspondence.

I T W I L L P A Y Y O U

to investigate the efficiency of The Oliver Typewriter. To the typewriter buyer -- individual, firm or corporation -- the remarkable durability of this machine is an important consideration. The Oliver Typewriter is built to last. Strenuous use cannot hurt it. In fact, it becomes more efficient under continuous use.

Your request will bring our latest catalog and specimen letter written in PRINTYPE. Investigation and comparison will convince you of the overwhelming advantages of The PRINTYPE Oliver Typewriter.

(The foregoing is a photographic reproduction of Oliver PRINTYPE)

THE OLIVER TYPEWRITER CO.

146 CONGRESS STREET, BOSTON

RATES FOR TRANSMITTING MONEY BY WIRE

DOMESTIC RATES

To those points in the United States and Canada where a telegraph money order office is established, the rate for the transmission of money by telegraph is, on amounts of one thousand dollars ($1000) or less, a sum equal to the tolls of two (2) ten-word messages, plus a premium of one per cent of the principal with a minimum premium of twenty-five cents (25c.). For amounts in excess of one thousand dollars ($1000) the toll is the same as for a less amount and the premium is one per cent of one thousand dollars ($1000) plus one half of one per cent of the amount of the principal in excess of one thousand dollars ($1000). For example, the charges on two telegraphic money orders from Boston to New York City, one of twenty-four dollars ($24) and the other of twenty-four hundred dollars ($2400) would be as follows:

Principal		$24.00
Premium	$.25	
Toll	.60	
Total charge		.85
Principal plus charge		$24.85

Principal		$2400.00
Premium	$17.00	
Toll	.60	
Total charge		17.60
Principal plus charge		$2417.60

FOREIGN RATES

To points in Foreign countries the rate is twenty-five cents (25c.) local toll plus the established per word cable rate, cable count, in the code of the telegraph company plus a premium of one per cent of the principal with a minimum premium of fifty cents (50c.). For example, the charge for the transmission of one hundred dollars ($100) from Boston to Paris, France, provided it required only ten words in the code of the telegraph company, would be as follows:

Principal		$100.00	
Premium	$1.00		
Tolls	2.75		(local toll plus cable charge of 25c. per word)
Total charge		3.75	
Principal plus charge		$103.75	

TELEGRAPH OFFICES ACCEPTING MONEY FOR TRANSMISSION

All money orders payable are handled only at the main office of company notifying payee between 8 A.M. and 6 P.M. No money orders issued or paid on Sunday.

GOODRICH SERVICE

To Build High Mileage Tires? Yes, that is the main point of Tire Service.

That The B. F. Goodrich Company has succeeded in doing this is proved by the wonderful growth of that organization — the largest rubber factory in the world to-day.

But the Factory is Not All —

In practically every important city of this country you will find a GOODRICH SERVICE STATION — a fully equipped stock depot. It is by means of its extensive wholesale depot service — the immensity of its scope — the thoroughness of its organization — that the Goodrich Company can give peculiar and invaluable service to the tire dealer and user.

And then the tremendous undertaking covering the erection of road markers along the main traveled highways of the United States, coupled with the free distribution of accurate route books, speaks further for the convenience and efficiency of Goodrich Tire Service.

THE B. F. GOODRICH COMPANY OF NEW YORK

Visible Writing

Visible Adding

"The Machine with the Human Brain"

Here is the latest great Remington development, the

REMINGTON

Adding and Subtracting

Typewriter

(Wahl Adding Mechanism)

This machine not only writes but *thinks.* It does what a man can do only by thinking — and more. It writes and adds simultaneously, whereas one thing at a time is all that the average brain can do. Again, it automatically detects errors of operation. No man ever had a brain that would do that — *automatically.*

Visible Writing — Visible Adding — Visible Labor Saving are combined in this machine in all work where writing and adding are done on the same page.

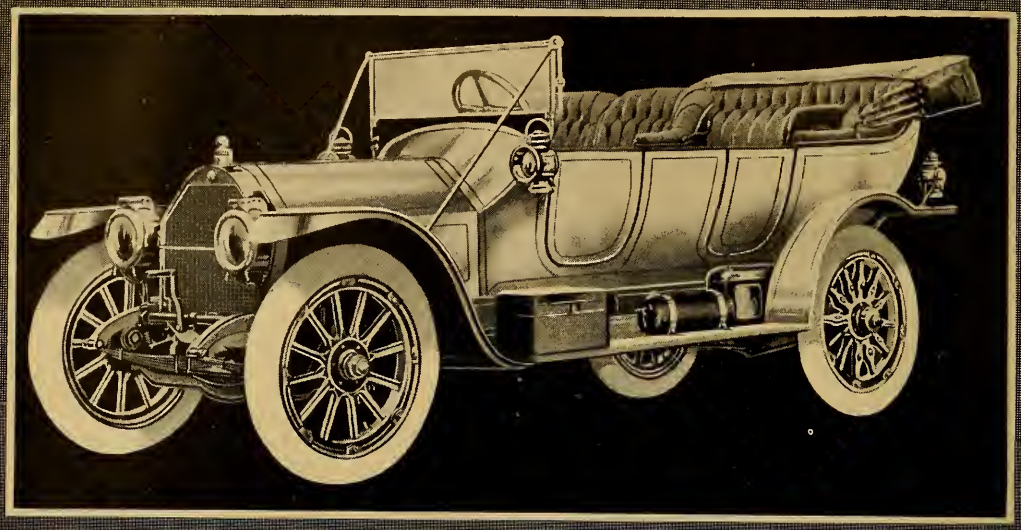
The chances for sweeping fires in Boston have been frequently commented upon by those familiar with conditions here. The Safe Deposit Vaults at the two offices of the Old Colony Trust Company are most conveniently located.

The 1912 Thomas "Six-Forty"



TOURING CAR, 7 PASSENGERS—PHAETON, 5 PASSENGERS
SURREY, 4 PASSENGERS — RUNABOUT 2 PASSENGERS
EACH, $4,000

THOMAS DECLARATIONS NO. 5

We assert that the carburetion and ignition of the Thomas Six-Forty is unexcelled in motor car construction. With seven passengers aboard it will throttle down on high gear to the remarkably slow speed of *three miles per hour*. This is on magneto operation and without slipping the clutch. One single mis-fire of a cylinder would stall the motor. Five miles per hour on battery is supposed to be the minimum for cars of the same weight, power and class.

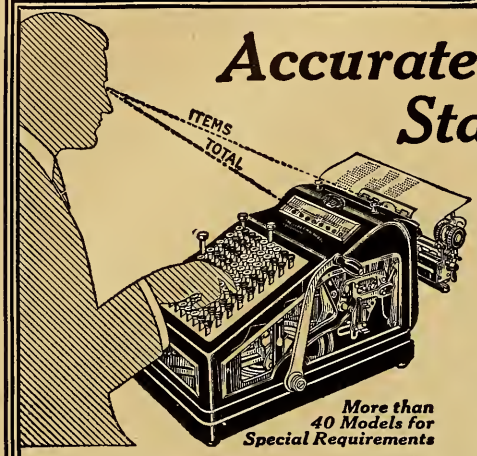
To many the process of setting aside property in trust seems complicated and difficult. The officers of the Old Colony Trust Company are at all times ready to explain the operation and effect of trusts of different kinds.

Accurate Work from Start to Finish



That's the kind you do on a WALES Visible Adding and Listing Machine. The operator's accuracy is increased by every feature of WALES construction.

WORK can be accurately checked as items are listed, for both printing and total are in plain sight. If operator carelessly touches wrong key he can instantly correct it by touching the right one. There is never danger of confusing sub-totals with totals. The "clear" signal, automatically printed opposite first item after total, insures accuracy from the start. The only adding machine that does print the "clear" signal automatically is the

WALES

Visible Adding and Listing Machine

5-Year Guarantee

No other adding machine on the market has a 5-year guarantee. We give such a guarantee on the WALES Visible to show our unbounded belief in its superiority. This guarantee is positive assurance of honest materials, honest workmanship and durability.

Free Trial Offer

Let us send a WALES Visible to your office. Test it alone or in competition with any or every other adding machine on the market. If you are not convinced then of its superiority we will remove the machine immediately. Isn't that a fair offer?

THE ADDER MACHINE COMPANY, Wilkes-Barre, Pa.

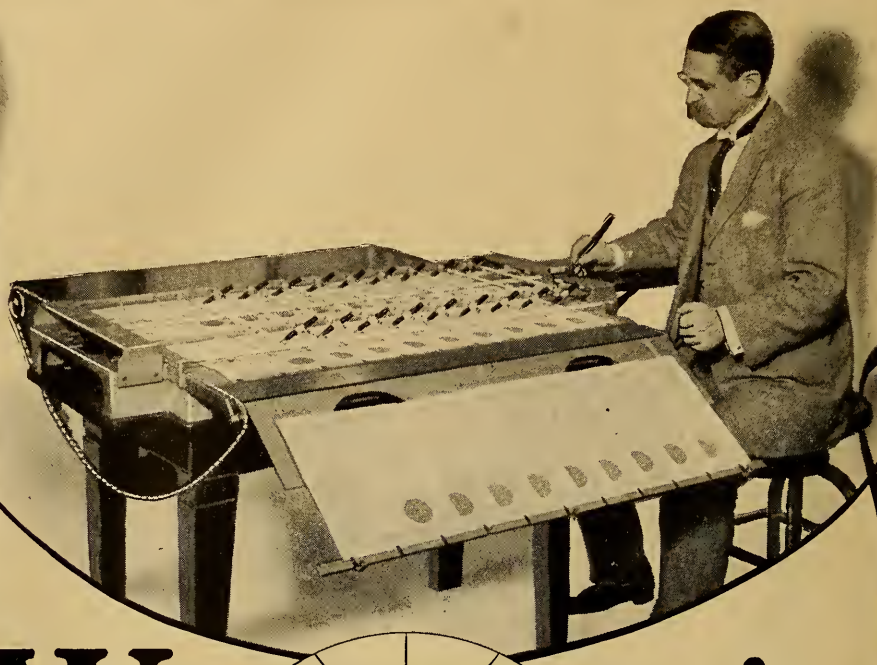
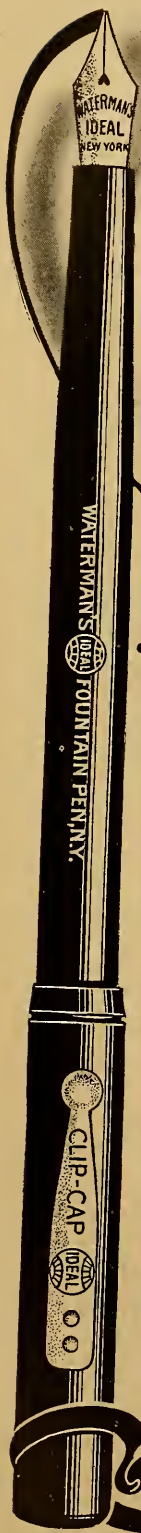
The advantage of doing business with the Old Colony Trust Company with offices in two of the most accessible locations in Boston should appeal to anyone about to transfer or open an account.





Waterman's Ideal Fountain Pen

SUCCESSFULLY USED IN PLACING 102,000 BOND SIGNATURES AT THE RATE OF 6,000 AN HOUR

With 18 Waterman's Ideals working in absolute unison on the "Signagraph" the entire temporary bond issue of Liggett & Myers Company, and The Lorillard Company (which is the reorganized American Tobacco Co.), was signed by the officials of those companies and registered by the officials of the Guaranty Trust Company of New York, in less than two days' time. In making this saving of nine-tenths of the ordinary time required, Waterman's Ideals worked faultlessly under the severest test that could possibly be made. Do you use this pen?

Sold everywhere by Leading Stationers, Jewelers, etc.

L. E. Waterman Co., 173 Broadway, New York

New England Headquarters, 8 SCHOOL ST., BOSTON

50 WORD NIGHT LETTERS

TO ALL OFFICES IN THE UNITED STATES AND CANADA AT TEN-WORD DAY MESSAGE RATE

NIGHT LETTERS may be filed at any hour of the day or night, up to midnight, to be forwarded by telegraph at the Company's convenience during the night and delivered the following morning.

50 WORD DAY LETTERS

TO ALL OFFICES IN THE UNITED STATES AT ONE AND A HALF (1½) TIMES THE NIGHT LETTER RATE

DAY LETTERS may be filed at any time and will be transmitted and delivered as promptly as the Company's facilities permit in subordination to the full paid message traffic.

Words above 50 in Night Letters or Day Letters are one-fifth the 50-word rate for each additional ten or fraction of ten words.

The new building of the Old Colony Trust Company on Court Street is the most conveniently located bank building in Boston. It is readily accessible from the North and South Stations and from the Subway and Tunnel.

POLAND SPRING HOUSE

ON ARRIVAL AND SAILING OF STEAMERS

Charlestown, Allen Line Pier — Charlestown, Dominion Line, Pier 6
East Boston, Cunard Wharf

The vault in the new Court Street Building of the Old Colony Trust Company is of heavy steel armor plate and strongly reinforced concrete — proof against every known method of attack and against fire and water. The boxes are a necessity for everyone having private papers or valuables to protect.

HOME OFFICE BUILDING
NEW ENGLAND MUTUAL LIFE INSURANCE COMPANY
87 MILK STREET, BOSTON, MASSACHUSETTS

A Telephone Talk

Because of the sense of personal presence which it always effects, a telephone conversation excels every other means of communication with persons at a distance.

If we are talking with one whose voice is familiar, we recognize its particular tones and inflections and can imagine we see the changing facial expression. You can put sympathy, forgiveness, good cheer, yes reproof, if necessary, on the wire. By what other method can we so effectively send our personality through many miles of space? How absolutely we fail when we try to express our thoughts and feelings by means of a letter and how often what we write is misinterpreted! What a blessing then is the telephone which carries our voice over a thousand and more miles of space, with all its peculiarities so faithfully reproduced that our far-away friends immediately recognize it! What a pleasure it is to hear the voice of dear ones that we have not heard for months or years, speaking to us again from afar with such distinctness that we almost feel their presence with us!

It is this feature that makes possible the handling by telephone of the most important business transactions, often involving immense sums of money. We do so without the slightest hesitation, simply because we are able to fully identify the person with whom we are dealing. And then again, in business life so often something occurs which requires an immediate and personal conversation with some one at a distance. It may be one mile or a hundred or a thousand miles away, but it is a personal interview that must be had and only the telephone can meet that requirement.

By an inspection of the telephone toll rates on the following pages it will be evident that they are very reasonable indeed, when the saving of time, car fare, hotel bills and other expenses attendant on any journey is considered. The toll rates are proportionate to the distance covered. Traveling expense is likewise proportionate to the distance covered, and in addition we must consider the value of the time wasted which often greatly exceeds the traveling expense.

It is the realization by the public of the possibilities of the telephone both in business and social life that has created a large and constantly increasing traffic on the telephone toll lines. It is not only the Telephone Company that has profited thereby, but every individual has also benefited by an increase of both his comfort and his earning power.

In addition to conducting a general banking and safe deposit business, the Old Colony Trust Company acts as trustee under railroad and other mortgages and as agent for the transfer and registration of stocks.

A man with a small or moderate sized estate finds it impossible to choose an individual Executor and Trustee with experience and standing, and he is very apt to impose these difficult tasks on his widow, who is not fitted by experience or inclination for the work. To such men, the Old Colony Trust Company particularly offers its services.

BY SPECIAL APPOINTMENT TO HIS MAJESTY THE KING

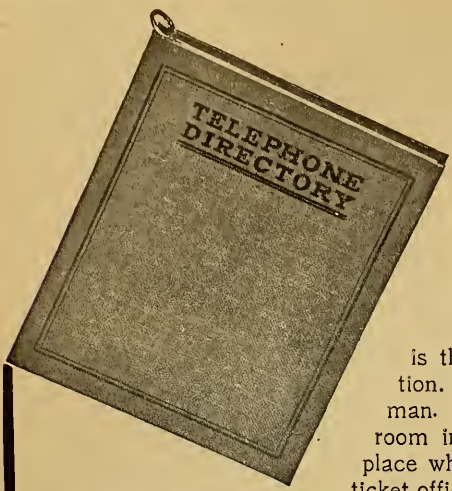
While on your vacation the Old Colony Trust Company will arrange to care for silverware and other bulky valuables, calling for them when you leave and returning them when notified.



Your Name on the Cover Gets the Telephone Calls

THE TELEPHONE DIRECTORY

is the most useful and the most frequently used publication. It is on the desk of every business and professional man. It is in every home of the better class. It is in every room in every hotel in the City. It is to be found in every place where information is sought, such as information bureaus, ticket offices, drug stores, cigar stores, department stores, etc, As a Business Directory it is more frequently consulted than any other, being issued and corrected four times each year. The man who *buys,* uses his telephone many times daily.

Reach Those You Want

You pay nothing for waste advertising going to those who cannot possibly become your customers.

Every cover bearing your name is distributed by yourself so that you absolutely know the covers are reaching those you wish to see your ad.

Our Covers are well and substantially made, with metal parts riveted, are bound in the best grade of art cloth, printed in deep, heavy black, making an attractive ad the buyer must see every time he uses his Telephone Book.

Bar Your Competitor

With our Removable Covers you keep your name *prominently* and *constantly* before the buyer but *keep your competitor's out of sight.*

Only *one ad appears* on the *cover* or *inside*: if you put *your name there* your competitor must take his chances among the others in the body of the book.

The buyer must make a conscious *effort* to find your competitor's telephone number but *he can't help seeing yours.*

Your Ad Must Be Read

This is the one big reason why you should have your ad on our Removable Covers.

The buyer cannot use his telephone without reading your ad.

The busier he is the oftener your name will come before him.

If you want business that is *worth getting* you must reach the man who is *always* busy.

Send for Sample. We want you to *know* the value of these covers. Write on your business stationery and we will send you a handsome cover together with full particulars of our offer.

TWO NUMBER TOLL CALLS

In order to provide quicker service to nearby toll points, there has been established what is sometimes known as a Two Number method of handling such calls. The term is fairly descriptive of the method. Instead of routing such calls through the toll board, thus interposing two additional processes, they are handled in the same manner as local calls, the caller ascertaining from the directory **the exchange name and number with which he desires to be connected, and giving the same to his local operator.**

In making a Two Number toll call, hold the receiver at your ear, after giving your local operator the exchange and number desired, until an answer or some report is received.

If the person to whom you wish to talk is not listed in your directory, ask the local information operator for the number and note it for future reference.

All calls on which the initial rate is 10 cents or less are strictly Two Number calls.

An initial rate of 10 cents or less for a Two Number toll call is for a connection of five minutes or fraction thereof. Each additional period of five minutes or fraction thereof will be charged for at the same rate.

The initial rate on a Two Number call of more than 10 cents will be for a connection of three minutes or fraction thereof, and for each additional minute or fraction there will be an extra charge.

A particular person will not be obtained under a Two Number rate, the connection being made with the station called, and there will be no reduced rate. If for any reason no answer is obtained from the station called, there will be no charge.

LONG DISTANCE TOLL CALLS

Call the local operator in the usual way, and then ask for "Toll Operator to ——" (name of place). The local operator will then make the proper reference.

When the toll operator answers, give your own telephone number and your own name, together with the name of the exchange, and the number of the subscriber with whom you wish to speak, if you know it. If you do not know the number, the name of the subscriber will suffice. For example: "This is Main one-two-three, ring two, Mr. Jones, calling Haverhill, Mass., eight-nine-three; anybody." (If a particular person is desired, name him, except where regular rate is 10 cents or less.) The operator will then say "The operator will call you," and the caller should replace the receiver on the hook until signaled that the connection has been made.

If the person to whom you desire to speak has no telephone, the toll operator will act for you in arranging with a Pay Station subscriber to send a messenger to this person and ask him to come to a Pay Station. For this messenger service the Pay Station subscriber will make a small charge which must be paid in addition to the toll, regardless of whether or not the person sent for responds to the messenger's request.

Reports to the person calling, in case delay is encountered in completing a call, will be made by the toll operator at reasonable intervals. If a report is desired call the toll operator and ask for it.

The regular initial toll rate for a long distance toll call is for a connection of three minutes or less. For each additional minute, or fractional part thereof, there will be an extra charge. Subscribers will not be notified at the expiration of the three-minute period.

The new main office of the Old Colony Trust Company on Court Street and the branch office on Temple Place provide banking facilities unequaled in Boston.

BOSTON FIRE DEPARTMENT

Headquarters, Bristol Street

Branch Exchange, TREMONT 880, Connecting All Stations

SUGGESTIONS ON FIRE PREVENTION

Carelessness and negligence are the chief causes of fires.
Be careful in the use of matches.
Keep matches in a metal receptacle.
Prevent the accumulation of rubbish in your cellar.
Don't light matches in closets where there is clothing.
Keep all inflammable material away from stoves and lighted gas jets.
Protect the woodwork around your stoves and furnaces.
Never use a match or candle in looking for a gas leak.
Don't open the doors or windows in case of fire.
In your place of business provide the proper means of checking fires; have the employees drilled in handling same; see that proper means of egress is provided.
Don't delay in sounding the alarm. The prompt notification of the department is essential to good service.
All fires are the same size when they start.
Do not use gasoline or naphtha for cleansing inside the house; use it only in the open air. Fires have occurred from friction caused by rubbing silk and other materials in a room where gasoline has been used for cleaning.

INSTRUCTIONS

If using a telephone to give an alarm say to exchange operator, "Fire Department, Emergency." Give to operator at Fire Headquarters the number and name of the street, and the section of the city, for instance, "114 Washington St., Dorchester," and also give your name and telephone number.

Never open a fire alarm box except in case of fire.

Never give an alarm for a fire seen at a distance.

Be sure there is a fire before giving an alarm.

Make yourself familiar with box locations, especially those in the vicinity of your home and business.

Go to the box nearest the fire.

To give an alarm, open the door and pull the hook down once, all the way, and let go. Stay at box, if possible, to give the firemen the location of the fire.

For no session of the public schools for the day, signals are struck at 7.45 A.M., by order of the Superintendent of Schools, on gongs in fire stations and police stations. If there is a morning session, and because of stormy weather no session is desired in the afternoon, the schools are dismissed for the day at noon.

The safe deposit vaults of the Old Colony Trust Company are situated in two low fire-proof buildings of most modern construction.

*Postal Savings Depository

Business houses should mail their letters during the day as soon as they are ready for mailing, thus reducing the congestion of the evening rush and making it possible for the Post Office to make prompt despatches with a consequent saving of time in delivery.

Mail matter placed upon a letter box, or upon the floor or sidewalk near it, is not mailed; it is not in the custody of the Post Office and is very liable to be diverted from its intended course or stolen.

During any extended absence from the country, your securities can be left with the Old Colony Trust Company for safe-keeping and for the collection of income.

ABRIDGMENT ON UNITED STATES POSTAL REGULATIONS

POSTAGE

To any Part of the United States, the Territories, and the Possessions of the United States; also to Canada, Mexico, Cuba, the Republic of Panama and the United States Postal Agency at Shanghai, China.

Two cents for each ounce, or fraction thereof, on letters, sealed packages, mail matter, wholly or partly in writing.

Two cents per ounce, or fraction thereof, on drop-letters where free delivery by carriers is established; where such free delivery is not established, the rate is one cent.

One cent for two ounces, or fraction thereof, on almanacs, books (printed), calendars, catalogues, engravings, pamphlets, photographs, posters, printed cards, proof sheets, corrected proof sheets and manuscript accompanying the same, circulars, seeds, bulbs, roots, scions and plants.

One cent for every four ounces on newspapers and magazines of the second class.

One cent for each ounce, or fraction thereof, on blank books, blank cards, cardboards, and other flexible material, envelopes, merchandise, sample cards, samples of ores.

For postage to Great Britain and other foreign countries, see "Rates of Foreign Postage."

REGISTRATION OF MAIL MATTER

The Registry System is intended to give to registered mail the greatest security within the province of the Post-office Department, and this special security is obtained by a distinctive cover for the matter, its retention in special custody, and a system of records and receipts showing a complete chain of receipts from the time it leaves the hands of the sender until it is delivered to the addressee.

Any class of mail matter may be registered at any post-office in the United States.

The fee on registered matter, domestic or foreign, is ten cents for each letter or parcel, to be affixed in stamps, in addition to the postage. Full prepayment of postage and fee is required.

Every letter presented for registration must be fully and legally addressed and securely sealed by the sender, and all letters and other articles must also have the name and address of the sender endorsed thereon in writing or print before they can be registered.

Registered mail may be delivered to the addressee, to a person authorized by the addressee in writing to receive it, or to any responsible person to whom the addressee's ordinary mail is customarily delivered. All persons calling for registered matter should be prepared to furnish reasonable proof of their identity, as it is impossible otherwise, at large post-offices, to guard against fraud.

If you are not already one of the 30,000 depositors or box renters of the Old Colony Trust Company, you will be interested in the exceptional facilities which appeal to so many.

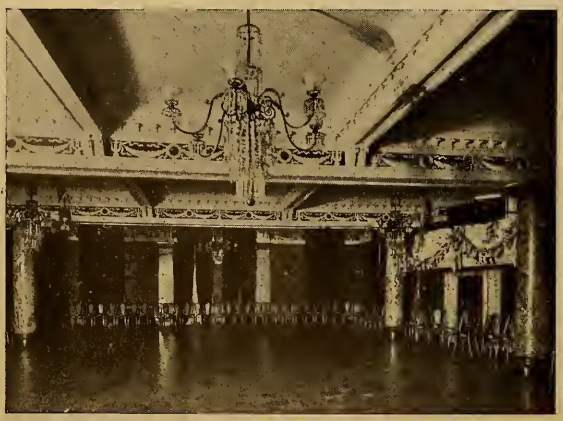
SPECIAL INDUCEMENTS TO PERMANENT GUESTS

FRANK C. HALL, Manager.



"Somerset" Newbury Street Ball Room

Eminently
Satisfactory

Safety is considered before celerity in the transmission of registered mail, and as delays are sometimes necessary to secure proper receipts at points of transfer, due allowance should be made by those mailing such matter and those to whom it is addressed, as registered mails cannot be handled with the same despatch as ordinary mail matter.

The sender of any registered article may obtain assurance of its receipt at the office of delivery by endorsing it with the words, "Return receipt requested."

If the words "Personal receipt required" appear upon a piece of registered mail matter, the article will be delivered to no one but the addressee.

Letters and packages containing money or articles of value should be registered, and never deposited for transmission by ordinary mail.

The Post-office Department is liable to an amount not exceeding fifty dollars for the loss in the mails of any piece of domestic first-class registered mail matter, and not exceeding twenty-five dollars for the loss of domestic third and fourth-class registered mail matter.

Indemnity will be paid for the value of any registered article, except Parcel-Post mail and except in case of "force majeure" (beyond control), not to exceed 50 francs in any one case (or its equivalent in United States money), where the registered article is addressed to a country embraced in the Universal Postal Union, and is lost in the international mails.

MONEY ORDERS

The fees or charges on domestic orders are as follows:

Payable in the United States (which includes Hawaii and Porto Rico) and its possessions, comprising the Canal Zone (Isthmus of Panama), Guam, the Philippines and Tutuila, Samoa; also for orders payable in Bermuda, British Guiana, British Honduras, Canada, Cuba, Mexico, Newfoundland, the United States Postal Agency at Shanghai (China), the Bahama Islands and certain other islands in the West Indies mentioned in Register of Money Order Post Offices:

For orders from $0.01 to $2.50	3 cents
For orders from $2.51 to $5	5 cents
For orders from $5.01 to $10	8 cents
For orders from $10.01 to $20	10 cents
For orders from $20.01 to $30	12 cents
For orders from $30.01 to $40	15 cents
For orders from $40.01 to $50	18 cents
For orders from $50.01 to $60	20 cents
For orders from $60.01 to $75	25 cents
For orders from $75.01 to $100	30 cents

A single money order may include any amount from one cent to one hundred dollars inclusive, but must not contain a fractional part of a cent.

The postmaster of any foreign money-order office in the United States — the same being designated by the Postmaster-General — will furnish a blank form of application, on which the sender must enter all the particulars of the amount (in

Both offices of the Old Colony Trust Company may be used interchangeably for depositing money and drawing cheques. On daily balances of $500 or over, interest is allowed at the rate of 2%.

DERBY DESK COMPANY BOSTON, MASS.

30 FEDERAL STREET

United States money), names, address, etc., and must state the full name and exact residence of the person to whom the order is to be made payable. The postmaster will then issue an international order, to be sent by the remitter to the payee, in the case of "direct" orders.

INTERNATIONAL RATES

The fees for orders payable in Chile, France, Algeria and Tunis, Greece, Netherlands, Norway and Sweden, are as follows:

For orders from $0.01 to $10	10 cents
For orders from $10.01 to $20	20 cents
For orders from $20.01 to $30	30 cents
For orders from $30.01 to $40	40 cents
For orders from $40.01 to $50	50 cents
For orders from $50.01 to $60	60 cents
For orders from $60.01 to $70	70 cents
For orders from $70.01 to $80	80 cents
For orders from $80.01 to $90	90 cents
For orders from $90.01 to $100	1 dollar

The fees for orders payable in any foreign country not enumerated above, and upon which this office is authorized to draw money orders, are as follows:

For orders from $0.01 to $2.50	10 cents
For orders from $2.51 to $5.00	15 cents
For orders from $5.01 to $7.50	20 cents
For orders from $7.51 to $10	25 cents
For orders from $10.01 to $15	30 cents
For orders from $15.01 to $20	35 cents
For orders from $20.01 to $30	40 cents
For orders from $30.01 to $40	45 cents
For orders from $40.01 to $50	50 cents
For orders from $50.01 to $60	60 cents
For orders from $60.01 to $70	70 cents
For orders from $70.01 to $80	80 cents
For orders from $80.01 to $90	90 cents
For orders from $90.01 to $100	1 dollar

There is no limitation to the number of international orders that may be issued in one day to a remitter in favor of the same payee.

The maximum amount for which a single international money order may be drawn is one hundred dollars ($100) to any foreign country.

SPECIAL DELIVERY

Every article of mailable matter bearing a special-delivery stamp in addition to the lawful postage, or bearing stamps to the value of ten cents in addition to the lawful postage and plainly marked "special delivery," will be entitled to an immediate delivery by messenger at any post-office in the United States. The price of the special-delivery stamps is ten cents each. They are sold by postmasters in any

The Old Colony Trust Company offers exceptional facilities to those contemplating a trip abroad. It issues Letters of Credit, Travelers' cheques and drafts available in all parts of the world.

required amount and to any person who may apply for them ; but they can be used only for the purpose of securing the immediate delivery of mail matter addressed to and received in the mails at any post-office. Under no circumstances are they to be used in the payment of postages of any description, or of the registry fee. The special-delivery stamp must be in addition to the lawful postage.

Registered letters will be entitled to immediate delivery, the same as ordinary letters, when bearing a special-delivery stamp in addition to the full postage, or when bearing stamps to the value of ten stamps in addition to the full postage and plainly marked "special delivery," and registry fee required by the law and the regulations.

Special-delivery letters will be delivered by messengers within the carrier-limits of a free-delivery office between the hours of 7 A M. and 11 P.M. ; and within a radius of one mile from the post-office at all other offices between 7 A.M. and 9 P.M.

RATES OF FOREIGN POSTAGE

UNIVERSAL POSTAL UNION

The rates of postage applicable to all foreign countries, other than England, Ireland, Scotland, Wales, Germany, Newfoundland, Canada, Cuba, Mexico and Panama, are as follows :

For letters, 5 cents for the first ounce, and 3 cents for each additional ounce or fraction of an ounce ; prepayment optional.

For postal cards, single 2 cents each ; double, 4 cents each.

For commercial papers, 5 cents for the first 10 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces. Limit of size and weight the same as for prints. The packages must not be closed against inspection.

For samples of merchandise, 2 cents for the first 4 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces. Limit of weight, 12 ounces ; limit of size, 12 by 8 by 4 inches. The packages must not be closed against inspection.

For prints of every kind, 1 cent for each 2 ounces or fraction of 2 ounces. Limit of weight, 4 pounds 6 ounces ; limit of size, 18 inches in any direction, except that when rolled the package may measure 30 inches in length by 4 inches in diameter. The packages must not be closed against inspection.

The postage on letters for Newfoundland, England, Ireland, Scotland and Wales is 2 cents per ounce, and on letters for Germany by steamers sailing for Germany direct is 2 cents per ounce. Letters for Germany bearing postage at the rate of 2 cents per ounce will be held for steamers sailing direct for Germany ; letters for Germany bearing postage at the rate of 5 cents per ounce will be forwarded by fast mail.

The rate of postage for all mail matter, other than letters, to England, Ireland, Scotland, Wales, Newfoundland and Germany is the same as stated above.

To Canada, comprising Provinces of Ontario and Quebec, British Columbia, Manitoba, New Brunswick, Nova Scotia and Prince Edward Island, the postage for letters, merchandise and printed matter is the same as in the United States. All

While on your vacation your valuables should be deposited in a safe deposit vault. The Old Colony Trust Company allows special rates for short term boxes.

It is published every Saturday and costs $4.00 for a yearly subscription. Sample copies on request.

CURTIS GUILD & CO., Publishers

matter for Canada must be fully prepaid, except letters, which must be prepaid at least 2 cents.

To Mexico the postage for letters and printed matter is the same as in the United States.

All mail matter may be registered to the above places upon prepayment of 10 cents for each address, besides the postage.

Unmailable Articles. — All articles prohibited from domestic mails are also excluded from foreign mails.

Postal cards and letters addressed "Around the World" are unmailable; as also are letters or packets containing gold or silver substances, pieces of money, jewelry or precious articles, except that gold or silver coin may be sent by mail to and from Canada.

Liquids, — ardent, vinous, spirituous or malt, — poisons, explosive and inflammable articles, and envelopes and postal cards upon which obscene language is written or printed.

No letter or circular concerning lotteries, so-called gift concerts, or other similar enterprises, offering prizes, or concerning schemes devised and intended to deceive and defraud the public, for the purpose of obtaining money under false pretences, shall be carried in the mail. Any person who shall knowingly deposit or send anything to be conveyed by mail in violation of this section shall be punishable by a fine of not more than five hundred dollars nor less than one hundred dollars, with costs of prosecution.

PARCEL POST

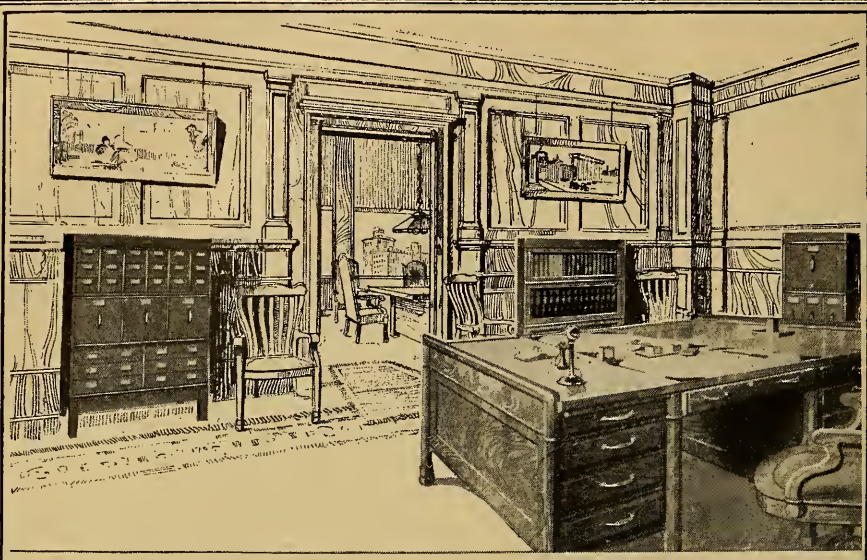
Admissible Matter. — Packages of mailable merchandise may be sent, in unsealed packages, by "Parcel Post" to the following named countries:

Australia	France	Newfoundland
Austria	Germany	Nicaragua
Bahamas	Great Britain	Norway
Barbados	Guatemala	Peru
Belgium	Honduras (British)	Sweden
Bermuda	Hondurus (Republic of)	Salvador
Bolivia	Hongkong *a*	The Danish West Indies
British Guiana	Italy	The Netherlands
Chile	Jamaica	Trinidad, including Tobago
Colombia	Japan *b*	Uruguay
Costa Rica	Leeward Islands	Venezuela
Denmark	Mexico	Windward Islands
Ecuador	New Zealand	

a Parcel-Post packages addressed for delivery in the cities in China named in U. S. Postal Guide are mailable at the postage rate and subject to the conditions applicable to Parcel-Post packages addressed for delivery at Hongkong.

b Parcel-Post packages addressed for delivery at any post-office in Formosa or Korea; and the places in China and Manchuria named in U. S. Postal-Guide, are mailable at the postage rate and subject to the conditions applicable to Parcel-Post packages addressed for delivery in Japan.

You will be interested in the many facilities offered by the Old Colony Trust Company — facilities which thousands of our customers find almost indispensable.



Standardized Offices of Uniform Design

Offices of distinction—such as this—are both inexpensive to furnish and economical to maintain.

Within easy access to the desk are all the necessary files for correspondence, office records, references, books—in cabinets of uniform design and finish—that harmonize with the interior trims and furnishings.

Globe-Wernicke

Wood and Steel

Filing Cabinets

promote just that business-like tone to an office that every man so much enjoys when important clients call upon him.

Everything in order—no apparent confusion due to lack of adequate equipment—and plenty of open space for the transaction of business.

Our new catalogue just issued gives the business man many valuable ideas of economical office layouts—describing in detail all the various devices which we now furnish in Wood and Steel.

Service to our patrons includes systematizing the filing equipment so as to promote both economy and efficiency in various clerical departments where papers used in commercial transactions are being constantly referred to.

The Globe-Wernicke Co.,

91-93 Federal St., Boston

Postage Rates. — Postage must be prepaid in full by stamps affixed at the rate of 12 cents a pound or fraction of a pound. Registry fee 10 cents in addition to postage.

Registration. — The sender of a parcel addressed to any of the countries named in the table at the head of this section, except Barbados, France, Great Britain, The Netherlands and Uruguay, may have the same registered by paying a registry fee of 10 cents, and will receive the "Return Receipt" without special charge therefor, when envelope or wrapper is marked "Return Receipt Demanded."

Place of Mailing. — Matter intended for Parcel Post must not be posted in a letter box, but must be taken to the post-office and presented to the postmaster, or person in charge, for inspection.

Letters Prohibited. — A letter or communication of the nature of personal correspondence must not accompany, be written on, or enclosed with any parcel. If such be found, the letter will be placed in the mails if separable, and if the communication be inseparably attached, the whole parcel will be rejected. If, however, any such should inadvertently be forwarded, the country of destination will collect upon the letter or letters double the letter rate of postage prescribed by the Universal Postal Convention.

MISCELLANEOUS ITEMS

Address. — Mail matter should be addressed legibly and completely. The name of the addressee, the post-office, and the State or Territory must be given. If the addressee resides in a city having city delivery service, the house number and street, if known, should be given. If the addressee resides on a rural delivery route, the number of the route, if known, should be given. When mail matter is intended to be delivered through the general delivery at a post-office, the words "General Delivery" should be added as a part of the address.

Mail matter addressed to persons temporarily sojourning in a city where city delivery service is in operation should be marked "Transient" or "General Delivery," if not addressed to a street and number or some other designated place of delivery.

To insure return in case of non-delivery because of misdirection, insufficient payment of postage, or other causes, the sender's name and address should be written or printed in the upper left-hand corner of the envelope or wrapper.

Postage stamps should be placed upon the upper right-hand corner of the address side of all mail matter, care being taken that they are securely affixed and that the gum is not washed therefrom in moistening.

Advertised Mail Matter. — All mail matter advertised as undelivered is subject by law to a charge of 1 cent in addition to the regular postage to be collected from the addressee on delivery.

Complaints. — All complaints in regard to mail matter should be addressed to the postmaster, and whenever possible they should be accompanied with the envelope or wrapper of the piece of mail matter to which the complaint refers. Complaints in general affecting the service should likewise be addressed to the postmaster, but when that

The Old Colony Trust Company offers bonds, notes and other investment securities which appeal to the conservative buyer.

Mr. Warren H. Colson

Has the honor to announce his purchase of probably the most beautiful general collection of Nineteenth Century Postage Stamps in America; the collection of

WILLIAM H. SUSSDORFF, Esq. of New York City

Wherever serious collectors may gather, the name of Sussdorff has become a synonym for all that is representative of the permanent and best in collecting. **Every piece in this wonderful collection is unused and in immaculate condition.**

Mention of a handful of notable examples will serve to indicate the heights to which this collection has attained as an exponent of the highest ideals in Philately—that of single-minded devotion to the perfect and beautiful.

British Columbia—1865, vertical pair, 5c., rose, imperforated, unused.
Hawaii—1859, 1c., pale blue on bluish white paper, unused.
Saxony—1850, 1-2ngr., error of color, unused.
Canada—1851, horizontal pair, 12 pence, with sheet margin, unused
Newfoundland—1857, 1 shilling, scarlet, unused.
Tuscany—1860, 3 lire, unused.

The Sussdorff collection is now offered for sale separately, and correspondence with serious collectors is invited. Personal interviews may be had by appointment.

Mr. Colson is a liberal buyer of postage stamp collections and old letters bearing stamps. The serious collector is offered selection from one of the largest and, without exception, the choicest stock of stamps in America.

The stamps illustrated on this page are all from the Sussdorff collection and have a market value of about $5,000.

course is manifestly improper under the circumstances, they should be addressed to the Postmaster-General, Washington, D. C.

Concealed Matter. — For knowingly concealing or inclosing any matter of a higher class in that of a lower class, and depositing or causing the same to be deposited for conveyance by mail at a less rate than would be charged for both such higher and lower class, the offender will be liable to a fine of not more than $100.

Currency. — Postmasters are not required to accept as payment for postage stamps, etc., any currency which may be so mutilated as to be uncurrent or as to render its genuineness doubtful. Nor are they required to receive more than 25 cents in copper or nickel coins in any one payment, nor to affix postage stamps to letters. Postmasters are expected to make change as far as possible. They must not give credit for postage.

Dead Letters. — All inquiries relative to mail matter known to have been sent to the Division of Dead Letters should be addressed to the Fourth Assistant Postmaster-General, Division of Dead Letters; and in such cases the letter of inquiry must state to whom and what post-office the article was addressed, and give the name and full address of the writer or sender, the date and place of mailing, and a brief description of the contents.

Record is kept in the division of Dead Letters only of letters or parcels which contain valuable inclosures. Undelivered letters containing ordinary correspondence are returned when the writer's identity can be ascertained, otherwise they are destroyed, and in either case no record is kept.

Envelopes. — Those made of weak or unsubstantial paper should not be used, especially for large packages. Being often handled and subjected to pressure and friction in the mail bags, such envelopes are frequently torn open or burst, without fault of those who handle them. It is best to use United States stamped envelopes, which are on sale at all post-offices.

Hotel Matter — that is, matter addressed for delivery at hotels — should be returned to the post-office as soon as it is evident that it will not be claimed. Proprietors of hotels and officers of clubs, boards of trade, and exchanges should not hold unclaimed letters longer than ten days, except at the request of the person addressed, and should redirect them for forwarding if the present address is known; otherwise they should be returned to the post-office.

Proprietors of hotels should omit the return request from envelopes supplied gratuitously to their guests, and persons using such envelopes should be careful to designate what disposition should be made thereof in case they cannot be delivered.

Lists of Names. — Postmasters are forbidden to furnish lists of names of persons receiving mail at their post-offices.

Lost Mail. — All inquiries by the public relative to lost or missing mail matter of every description, either foreign or domestic, ordinary or registered, should be addressed to the postmaster, who will forward the complaint to the proper officer of the Department. An early report is advised, as the chance of recovery is thereby increased.

The increase in the capital to $5,000,000 places the Old Colony Trust Company on a par with the very largest financial institutions in the country.

Mutilated Currency addressed to the Treasurer of the United States for redemption may be registered free, when the package is presented at the post-office before sealing and certain conditions (which will be made known by the postmaster) are there compiled with, but the postage thereon must be prepaid at the letter rate.

Overcharges. — Postmasters cannot remit supposed overcharges on mail matter. In case of dispute, the person to whom the matter is addressed should deposit the extra postage in money with the postmaster, taking a receipt therefor. If upon investigation by the Department it is found that the extra postage is not properly chargeable, the postmaster will be directed to refund the deposit.

Pensioners' Oaths. — Fourth-class postmasters are required to administer oaths to pensioners and their witnesses in the execution of pension vouchers, and have authority to receive from the pensioners for each voucher a sum not exceeding 25 cents.

Periodical Publications. — The Post-Office Department does not determine questions regarding the liability of a subscriber for the subscription price of a publication. Publications for which the addressee is not a subscriber, and which are not desired, may be refused and not removed from the post-office, or be returned to the postmaster endorsed "Refused."

Persons who receive regularly publications for which they have not subscribed should refuse to take them from the post-office. If, after such refusal the publication continues to be sent, a notice of that fact should be sent to the Third Assistant Postmaster-General.

A subscriber to a publication should promptly notify the publisher of any change in his address.

Private Letter Boxes. — Patrons in cities where letter carriers are employed are advised to provide letter boxes at business places and private residences, thereby saving much delay in the delivery of mail matter.

Public Letter Boxes. — The malicious injury or destruction of any letter box or other receptacle authorized by the Postmaster-General for the receipt or delivery of mail matter, or the wilful theft, destruction, or defacement of any matter contained in such box or receptacle, is a penal offense, for which the offender is liable to a fine of not more than $1,000, or imprisonment for not more than three years.

WRAPPING OF MAIL MATTER

All mail matter should be so wrapped as to safely bear transmission without breaking, or injuring mail bags or the contents of mail bags or the persons of those handling them.

NOTE. — Many articles, such as calendars, drawings, spectacles, watches, books, etc., are damaged in the mails for the reason that they are not securely and sufficiently wrapped to withstand the weight and handling to which they are necessarily subjected. It should be borne in mind that such articles are thrown into bags with other mail matter, and when addressed to small towns where the mail trains do not stop, the bags containing them are thrown from fast moving trains upon the ground.

The majority of people in Boston and vicinity do their shopping within three hundred yards of the Temple Place Branch of the Old Colony Trust Company.

Books of Postage Stamps. — One and two cent postage stamps bound in book form are on sale at post-offices at an advance of 1 cent per book over the postage value, as follows:

Book of twenty-four 1-cent stamps, price 25 cents.
Book of twelve 2-cent stamps, price 25 cents.
Book of twenty-four 2-cent stamps, price 49 cents.
Book of forty-eight 2-cent stamps, price 97 cents.

Unused stamped envelopes and newspaper wrappers, when presented in a substantially whole condition, will be redeemed by postmasters at their face value either in postage stamps, stamped envelopes, or postal cards, but stamped envelopes bearing a printed return card will be redeemed only from original purchasers.

An "original purchaser" is one who purchased the stamped envelopes or postal cards at a post-office. Postmasters are authorized to refuse redemption of stamped envelopes or postal cards purchased at post-offices other than their own, or which bear a return card or printed address other than that of the person offering them for redemption, unless satisfied that the person presenting them is the original purchaser.

Stamped Envelopes. — The Post Office Department issues twelve different sizes of stamped envelopes, the smallest $2\frac{7}{8}$ by $5\frac{1}{4}$, the largest $4\frac{3}{8}$ by $10\frac{1}{8}$ inches, in three qualities and five colors of paper, as follows: First quality, white and amber; second quality, buff and blue; third quality, manila. The denominations are 1, 2, 4, and 5 cent. When purchased in lots of 500, or its multiple, of a single size, quality, and denomination, the department will, upon request, print the purchaser's return card at a slight advance in price from plain envelopes, as indicated below.

The sizes and prices of stamped envelopes, first quality, most generally used for commercial and legal correspondence are as follows:

PLAIN

COMMERCIAL SIZES

		Price, including stamps, for 25 Envelopes	500 Envelopes
No. 5,	$3\frac{1}{2}$ x $6\frac{5}{16}$ inches	53 cts.	$10.50
13,	$3\frac{3}{4}$ x $6\frac{3}{4}$ inches	53 cts.	10.54

LEGAL OR DOCUMENT SIZES

No. 7,	$3\frac{7}{8}$ x $8\frac{7}{8}$ inches	54 cts.	10.72
8,	$4\frac{1}{8}$ x $9\frac{1}{2}$ inches	54 cts.	10.78

PRINTED

	Office Request	Office and Special Request
No. 5	54 cts.	$10.62
13	54 cts.	10.68
7	55 cts.	10.90
8	55 cts.	11.00

Prices on other sizes may be obtained by applying at any post office.

The remarkable growth of the Old Colony Trust Company during the last twenty-two years shows conclusively that its efforts to provide unequaled banking facilities have met with the ready appreciation of the public.

The quickest service to the British Isles is by the S. S. "Lusitania" and "Mauretania" of the Cunard Line; to Paris and the Continent, by the S. S. "La France" of the French Line.

RAILWAY TIME FROM PORTS

Liverpool to London	3¾ hours	Havre to Paris	3½ hours
Fishguard to London	4½ "	Boulogne-sur-Mer to Paris	3¼ "
Plymouth to London	4 "	Cherbourg to Paris	7 "
Dover to London	2 "	Cux Haven to Hamburg	2 "
Southampton to London	1.50m	Bremerhaven to Bremen	1½ "
		Marseilles to Paris	11½ "

The first consideration of a person going abroad is to provide a safe and convenient method of carrying funds. The Old Colony Trust Company issues money orders, travelers' cheques and drafts available in all parts of the world.

JUNGFRAU

Ascending the Alps

Or traveling through the wonderful cities of Continental Europe; 'neath the sunny skies of fascinating Italy; among the ruins of ancient Greece; delving into the mysteries of weird, uncanny India or plucking chrysanthemums in Japan — these are dreams that haunt one from childhood. Plan a trip where you will — to the four corners of the earth — specify sumptuous luxury, speed, safety and courteous treatment and your ticket must read:

North German Lloyd

There's always a steamer at your door, for the North German Lloyd and its affiliated lines girdle the globe. Tuesday and Thursday sailings for

London H.T.H **Paris** **Bremen**

With direct connections for all parts of Continental Europe. Saturday sailings for

GIBRALTAR ALGIERS **The Mediterranean** GENOA NAPLES

Connections at Genoa and Naples with North German Lloyd Imperial Mail Steamers for Alexandria, Egypt, India, China, Japan, Australia and the Philippines.

A particularly fascinating booklet, "Automobiling In Many Climes," tells of the advantages of taking an automobile with you on a European trip. Free to any address.

OELRICHS & CO., General Agents

83-85 STATE STREET, BOSTON

CHARLES KÜHLEWEIN, MANAGER

ROUND THE WORLD

AND THE FAR EAST

By any Atlantic Line to the Mediterranean (or to a Northern port if the passenger pays his own expenses across Europe to the Mediterranean port); thence by the North German Lloyd, Nederland Line, Messageries Maritimes, or Peninsular and Oriental.

Rates from BOSTON or NEW YORK to:

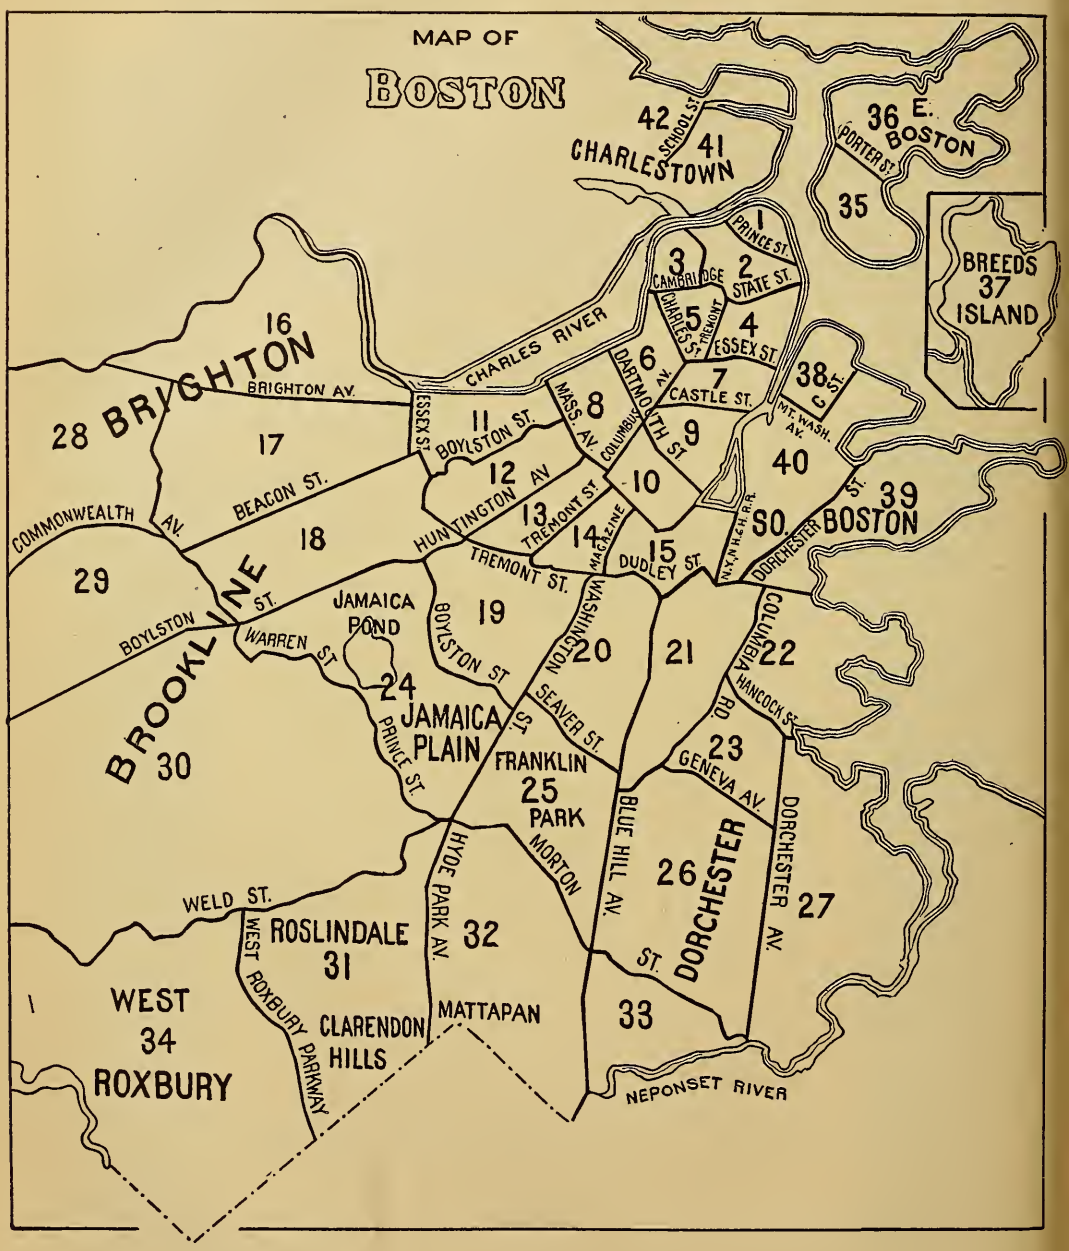
	Single	Round Trip
Bombay or Calcutta	$329	$540
Colombo	305	506
Saigon	366	597
Batavia or Sourabaya	376	614
Hong Kong, Shanghai or Manila	374	608

Rates from SAN FRANCISCO, SEATTLE or VANCOUVER to:

Honolulu	$ 75	$135
Yokohama	200	300
Manila, Hong Kong or Shanghai	225	337.50

By any of the above-named routes to Singapore, Hong Kong or Yokohama; thence by the Pacific Mail or Toyo Kisen Kaisha to San Francisco, the Great Northern to Seattle, or the Canadian Pacific to Vancouver; thence by any recognized "through route" to starting point, $617.70.

When going abroad you may arrange with the Old Colony Trust Company to collect dividend and interest payments for their credit. Every detail will be carried out to your utmost satisfaction.



A strong bank, in a convenient location, is the instant choice of a person about to open an account. The Old Colony Trust Company combines both of these elements and should merit your consideration.

Rates for Messenger Service in Boston and Brookline

Messengers should be governed by the rates as indicated on the rate chart for all cash district service.

No free service is to be performed without authority from an authorized official.

Messenger service by the hour will be charged for from the time the messenger leaves the office until he returns to the office, at the rate of twenty-five cents per hour and expenses.

No service will be accepted by the hour rate, except as arranged for at the offices of the company.

In all other cases the rates on the rate card must be charged.

EXAMPLE:

Between Section 3 and 16 in either direction 50 cents.

Section numbers are the large figures at the top and side of the chart.

Short errands in the immediate vicinity of the office — ten cents.

For any answer, add five cents to chart rate and charge at the rate of twenty-five cents per hour, for time that the messenger is detained. When a messenger is sent to more than one point in the same direction, the tariff to the farthest point should be charged, adding an additional five cents for each stop made.

From points in Boston, to points in the suburban districts, see page 121.

For points not indicated, charge twenty-five cents per hour for time occupied and add expense for carfare, ferriage or railroad fare, if any.

Above rates include carfare expense.

The charge for services of a messenger called by telephone by a patron in a section in which there is no messenger office will be the rate from the office from which messenger is sent to the section to which he is called plus the rate as above.

A person with an account at the Old Colony Trust Company has funds instantly available in the heart of both the shopping and financial centers.

The photograph above shows a pair of boots worn for "Best" by a New Hampshire man from 1864 to 1912. He raised the calf in 1860 and had the skin tanned by hemlock bark in the local village tannery and used the leather to make the uppers of these boots four years later.

Here is illustrated the modern progress in leather and shoemaking and still further proves that there is "nothing like leather."

Those who want to know more about the leather and shoe business to-day should subscribe to

THE WEEKLY BULLETIN

(Of Leather and Shoe News)

Established in 1896 **Published at 183 Essex Street, Boston**

The same firm publishes DISCUSSION OF SHOE MACHINERY —THE REAL ISSUE, price $1.00 per copy, and is Sole Selling Agent for the ADDRESSES AND DISCUSSIONS AT THE CONFERENCE ON SCIENTIFIC MANAGEMENT, HELD OCTOBER 12-13-14, 1911.

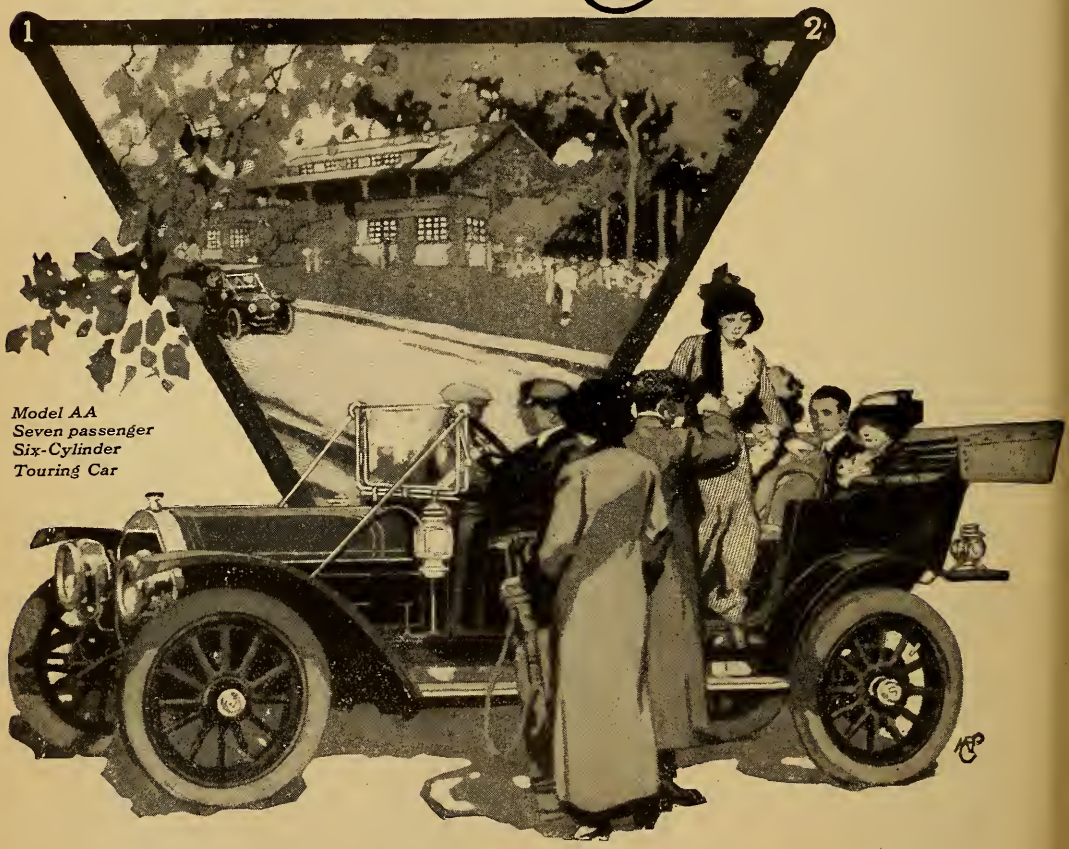
Stevens-Duryea



Model AA
Seven passenger
Six-Cylinder
Touring Car

In the ***Stevens-Duryea Six Cylinder*** is offered a car that represents consistent progress and development since 1891—a span of twenty-one years—built by the American manufacturer universally recognized as the pioneer in the adoption of features of design and construction essential to the modern motor car.—The history of the American motor car is coincident with the development of the Stevens-Duryea.

By making your life insurance policy payable to the Old Colony Trust Company, as trustee under a declaration of trust, you are assured that the money will be wisely invested, and the income and principal disbursed according to your wishes.

Henry C. Grover

Business Illustrator

IF OUR work for the past twelve years had not given perfect satisfaction we would not have the honor of having as customers the leading manufacturers, jobbers and retailers of New England.

We are prepared to make in the best possible manner, and at minimum cost, every form or style of illustration, from a simple lettered line costing $1.25 to the most elaborately detailed drawing costing $450.00. We are always glad to show specimens of our work, which is made on honor and sold on its merits.

TAXICAB RATES

The rates of fare for a taxicab from one point to any other point within the city limits of Boston shall be:

First half mile or fraction thereof, for one person	40 cts.
Each quarter mile thereafter	10 cts.
Each additional person for the whole journey	20 cts.
Each six minutes of waiting time	10 cts.
Each package or small trunk carried outside	20 cts.

When cab is called from a distance of more than one mile, a charge for each mile above the first will be 20 cts.

When a cab is dismissed more than two miles from place where it was engaged, a charge for each mile above the first two will be 20 cts.

The charge for extra passengers and trunks and for return mileage will be registered on the meter under the head of "Extras."

Hourly rates — $4.00 for the first hour and $3.00 an hour for each additional hour.

Daily, weekly and monthly rates quoted upon application.

WEIGHT AND INFLATION SCHEDULE

The table below gives the required inflation and the gross weights tires are generally guaranteed to carry.

Size	Inflation	Rear Weight	Front Weight	Size	Inflation	Rear Weight	Front Weight
28 x 2½	55 lbs.	225 lbs.	275 lbs.	38 x 4	75 lbs.	800 lbs.	955 lbs.
30 x 2½	55 ,,	225 ,,	275 ,,	40 x 4	75 ,,	850 ,,	1000 ,,
28 x 3	65 ,,	350 ,,	425 ,,	42 x 4	75 ,,	900 ,,	1050 ,,
30 x 3	65 ,,	375 ,,	450 ,,	32 x 4½	80 ,,	750 ,,	950 ,,
32 x 3	65 ,,	375 ,,	450 ,,	34 x 4½	80 ,,	900 ,,	1125 ,,
34 x 3	65 ,,	400 ,,	475 ,,	36 x 4½	80 ,,	975 ,,	1225 ,,
28 x 3½	70 ,,	425 ,,	500 ,,	38 x 4½	80 ,,	1050 ,,	1300 ,,
30 x 3½	70 ,,	450 ,,	550 ,,	40 x 4½	80 ,,	1125 ,,	1375 ,,
32 x 3½	70 ,,	500 ,,	600 ,,	42 x 4½	80 ,,	1200 ,,	1450 ,,
34 x 3½	70 ,,	550 ,,	650 ,,	35 x 5	85 ,,	1000 ,,	1250 ,,

34 x 4	75 ,,	700 ,,	875 ,,	38 x 5½	90 ,,	1200 ,,	1450 ,,
36 x 4	75 ,,	750 ,,	900 ,,	40 x 5½	90 ,,	1350 ,,	1600 ,,

THE PROPER INFLATION OF TIRES

Air costs nothing; tires are expensive.

More tires give out from insufficient inflation than anything else. Remember that it is the air in the tube that carries the load and cushions the road.

Running a tire flat, even a short distance, is sure to be costly.

Better run on the rim, very slowly and carefully, if imperatively necessary, and the distance is very short, than on a flat tire.

SIMPLE RULES TO BE OBSERVED
WHEN MAKING EXPRESS SHIPMENTS

Rates on Money Orders and Travelers' Cheques

The express business being essentially one of despatch, the following suggestions are offered for the benefit of patrons, with the firm belief that a careful observance will greatly assist in the prompt delivery of shipments in good condition:

1st. Use wooden boxes for packages, especially for glass and other fragile articles, which should be well protected. It may cost a few cents more, but the danger of damage will be very much reduced, and you should do your part to make the transportation safe.

2d. Write the address in full — state, county, city, street and number — on the box or package, with ink or crayon. Tags are frequently torn off and lost.

3d. If you want to prepay the charges, write the word "Paid" in large, plain letters on the package.

4th. Insist upon a receipt and see that the amount paid and the value is marked on the receipt and on the package.

5th. Write your own address in full somewhere on the package, following the prefix :
"From....."

6th. If package contains anything of perishable nature, write the word "Perishable" in large plain letters on the box or package, which will call for special attention and delivery.

7th. In making shipments of personal baggage, such as trunks, grips, suit cases, valises, etc., or when enclosing shipment in a container that has previously been used, always examine same carefully and obliterate any old marks that may appear thereon.

8th. Express Companies are not held liable for loss of money, jewelry or valuable papers when enclosed with other goods and shipped as ordinary merchandise. Therefore, such articles should be forwarded in a separate package, sealed and sent through the Express Company's Money Department.

Express Money Orders

Money Orders of the express companies give to the public the most up-to-date method of sending money by mail, with the least amount of trouble and expense.

A receipt is given to purchaser at the time of sale, and if the order is lost or stolen the full amount will be promptly refunded on surrender of the receipt and the giving of a satisfactory indemnity.

Express Money Orders are negotiable and always good.

No time limit of payment.

No application to fill out.

Over $100.00 at above rates.

Express Companies' Travelers' Cheques

Cheques are issued in denominations of $10, $20, $50, $100, and $200, and show thereon the foreign money equivalent in each of the principal countries of Europe. These amounts the express companies guarantee will be paid in the legal currency of the country of encashment, without discount or commission, by its Agents and listed Correspondents.

The purchaser of the cheques is safeguarded against loss by the provision that at the time of sale his signature must be placed on each cheque, in the space provided therefor.

If subsequently any cheques, not countersigned, are lost or stolen, the Company will refund the value thereof or furnish other cheques in their place upon execution of its form of bond of indemnity and affidavit, provided immediate notice was given the Company of the numbers and amounts of such lost or stolen cheques.

The only identification necessary to insure the payment or acceptance of the cheques is the agreement of the signature and countersignature on their face.

Through the acceptance of the cheques by hotels, shopkeepers and others, as stated, the time required in visiting banks to obtain funds for such expenses is saved and delays and inconvenience avoided through inability to obtain money on Sundays, Holidays or Fete Days or before or after business hours.

Loss by discounts upon the money of one country carried into another is avoided — cheques being issued in different denominations, the traveler can confine the cashing of them to the approximate amount required in any country.

A distribution of cheques among the members of a family or party can be made, thus adding materially to the convenience and comfort of a trip by insuring to each of the members individual freedom as to funds not possible under letters of credit.

The cheques are issued for cash or under guarantee of purchaser and a responsible bank or trust company, or against deposits of high-grade marketable securities.

A charge of one-half of one per cent (50 cents per $100) is made for the cheques, minimum 50 cents.

Over 30,000 customers find in the Old Colony Trust Company the absolute security which they desire as well as unsurpassed banking service.

Hotel Bellevue

Beacon Hill Beacon Street

Boston

The building is eleven stories in height, one of the largest and finest hotel structures in the country, being substantially and beautifully built of gray stone and brick.

The number of women who have their own bank accounts is rapidly increasing and we believe the Old Colony Trust Company has more of these accounts than any other bank in New England.

WHEN every individual piece of Huyler's candy must conform to the highest standard of quality, it is self-evident that every box of Huyler's, containing forty or more varieties, would be poorly described if called anything save "best."

There are 54 Huyler's stores in the United States and Canada, and over 4000 Huyler's agents—the best druggists in their respective communities. To get the name of the nearest Huyler's agent or store

Write for Interesting Booklet

which tells the remarkable story of Huyler's, gives a list of many of the popular Huyler's confections, and tells the public how quality and purity are assured in all Huyler's products.

Every device to provide protection for valuables and promote convenience for customers is to be found in safe deposit vaults of the Old Colony Trust Company.

OUR FOOTWEAR

Is of the sort to please particular people. We have catered so long to an exacting class of patrons, both in this country and Europe, that we know just the Footwear Requirements of the most fastidious.

We display each season many novelties in Footwear for Men, Women and Children. We originate and create styles, therefore justly claim Exclusiveness. Our stock includes at all times the newest styles in Walking and Traveling Boots and Shoes, Dancing Shoes and Outing Footwear.

Our Natural Last

To have shoes of unusual comfort is surely a matter of consideration. There is only one shoe that fills all the requirements of the orthopedic physician. That shoe is our ***Natural,*** or self-adjusting.

It is the only scientific shoe which, while strengthening the foot, is, at the same time, comfortable. There is no stiffness, no pressure on the toes, and no "breaking in."

It can be procured only at our store and comes for men, women and children in high and low cuts.

Mail Orders Promptly and Intelligently Attended to

Thayer, McNeil & Hodgkins

The selection of an executor or trustee should be as carefully considered as the actual disposition of the estate itself. The best laid plans of a testator may be irretrievably ruined through the incompetence or neglect of an individual.

School Pins **Pennants** **Fobs**

WE ARE manufacturers of superior line of college, school, club and fraternity pins, in solid gold, gold filled and silver with highest-grade enameling. Also felt pennants and banners in all colors. We make a specialty of school and class pipe inlaying in sterling silver. Engraving of every description on Parisian Ivory, silverware, etc. We also carry a complete line of Prize Cups and Medals for all purposes.

APPROXIMATE RATES FOR SPECIAL CARS

Special cars may be chartered at approximately the following rates :

	25-ft. Box Car 9-bench Open		Parlor Car	
	One Way	Both Ways	One Way	Both Ways
For runs of 15 minutes or under	$4.00	$6.00	$6.00	$9.00
Over 15 minutes to 30 minutes	5.00	8.00	7.50	12.00
" 30 " " 45 "	5.50	9.00	8.00	13.00
" 45 " " 60 "	6.00	10.00	8.50	14.00
" 60 " " 75 "	6.50	11.00	9.00	15.00
" 75 " " 90 "	7.00	12.00	10.00	16.00
" 90 " " 105 "	8.00	13.00	11.00	17.00

For 12-bench open cars an additional charge of $1.00 one way, or $2.00 both ways, will be made to above rates.

For cars *starting after 10.00* P.M. add $2.00 to schedule rates.

For cars *starting on return trip after* 12.00 midnight add $2.00 to schedule rates.

TROLLEY RIDES

For trolley rides, continuous trip, for 25-ft. box cars and 9-bench open cars, the price is $10.00 for first three hours and $2.00 for each additional hour or fraction of an hour.

For 12-bench open cars an additional charge of $2.00 will be made to above rates for trolley rides, but 12-bench cars will not be chartered during the rush hours for trolley rides or local runs.

CARS RUN OVER FOREIGN ROADS

Cars chartered to be run on tracks of other companies must be either 25-ft. box or 12-bench open cars.

For cars run over foreign roads a minimum charge of $2.00 to be made (for holding men) in addition to regular rates, or if car is held over four hours by foreign road, the charge to be 50 cents per hour or fraction of an hour.

SPECIAL RATES FOR EAST BOSTON DIVISION

Owing to the lack of physical connection between the tracks of the East Boston division and other tracks operated by the company, the following schedule has been adopted for this division :

	Foreign 12-bench Open or Semi-c. (B.E.)		Foreign 25-ft. Box or 9-bench Open	
	One Way	Both Ways	One Way	Both Ways
Between any two points in the Division	$5.00	$8.00	$4.00	$6.00
For cars starting after 10.00 P.M.	7.00	10.00	6.00	8.00
For cars returning after 12.00 midnight	7.00	10.00	6.00	8.00
For cars run in connection with cars on Boston side of ferry :				
If started before 10.00 P.M.	2.00	2.00	1.00	2.00
If started after 10.00 P.M.	3.00	4.00	2.00	4.00
If started after 12.00 midnight, on return, to be added to regular rates on Boston side	3.00	4.00	2.00	4.00

SCHEDULE OF RATES

Schedule — A

LIGHTING RATES

Electricity for any use will be sold, under the following schedule, to any customer who has signed an agreement for Electric Service, embodying the Terms and Conditions of the Company.

A price of 10c. per kilowatt hour will be charged for all electricity furnished under this schedule, and the minimum charge will be at the rate of $12.00 per year per meter.

Schedule — B

POWER RATES

Electricity for power use will be sold, under the following schedule, to any customer who has signed an agreement for Electric Service, embodying the Terms and Conditions of the Company. "Power" is defined as general motor service, cooking, heating, electroplating, charging storage batteries, and similar service, but does not include the running of dynamos for electric lighting purposes.

A price of 12c. per kilowatt hour will be charged for all electricity furnished under this schedule, with the following deductions, and the minimum charge will be $12.00 per year per meter:

First Deduction. — A price of 9c. per kilowatt hour will be charged for all electricity furnished in excess of 23 and not exceeding 103 hours' use of the *demand for each month.

Second Deduction. — A price of 6c. per kilowatt hour will be charged for all electricity furnished in excess of 103 hours' use of the demand for each month.

Third Deduction. — Whenever that portion of a customer's bill which is calculated at the 9c. and 6c. rate, or both, exceeds $10.00 per month, a discount of 70% will be allowed on such excess over $10.00.

Fourth Deduction. — Whenever a customer's bill, after the foregoing deductions have been made, exceeds $100.00 per month, a discount of 30% will be allowed on all in excess of $100.00.

Fifth Deduction. — Whenever a customer's bill, after all deductions have been made, exceeds an average rate of 10c. per kilowatt hour, a deduction will be made to make the average rate 10c. per kilowatt hour, but in no case less than $1.00 per month.

Municipal. — If a customer is a Municipality, in whose district the Company operates, a deduction of 2c. per kilowatt hour on the first 23 hours' use of the demand for each month will be allowed before making any other deductions.

Schedule — C

YEARLY LIGHTING RATES

FIXED COSTS

Electricity for any use will be sold, under the following schedule, to any customer who has signed an agreement for Yearly Electric Service, embodying the Terms and Conditions of the Company.

*Demand. — The demand is the greatest amount of electricity used by the customer at any one time. Until such time as the Company installs one or more indicators, automatically to determine the demand, either in whole or in part, it may estimate the demand. The demand on any circuit, when an indicator is installed, will be the average of the regular monthly readings of the indicator, between October 1 and the following February 1 in each year. The demand so determined, beginning February 1 of each year, shall be the demand for the next twelve months, except that the demand in no case shall be less than one-third of the highest reading during the previous twelve months and in no case shall be less than one kilowatt; and provided that if any direct-connected elevator (as defined below) be installed the demand shall not be taken at less than ten kilowatts. A direct-connected elevator is defined as being an elevator run in guides and in which the car starts at the same time as the motor. The customer has the privilege of having the indicator cut out one night in each month, provided a 48-hour written notice is given to the Company.

The Old Colony Trust Company offers bonds, notes and other investment securities which appeal to the conservative buyer. It sells only that class of securities that it buys for its own use.

COMMONWEALTH AVENUE, SHOWING ILLUMINATION BY ELECTRIC LUMINOUS ARC LAMPS

A price of $60.00 per year, payable in equal monthly instalments, will be charged per kilowatt of the *demand up to and including 15 kilowatts.

First Deduction. — A price of $36.00 per year, payable in equal monthly instalments, will be charged per kilowatt of the demand for all kilowatts exceeding 15 and up to and including 55.

Second Deduction. — A price of $30.00 per year, payable in equal monthly instalments, will be charged per kilowatt of the demand for all kilowatts exceeding 55.

These prices do not include the supply of electricity.

RUNNING COSTS

A price of 5c. per kilowatt hour will be charged for all electricity furnished under this agreement up to and including 1500 kilowatt hours per month.

First Deduction. — A price of 3c. per kilowatt hour will be charged for all electricity furnished under this agreement exceeding 1500 kilowatt hours and up to and including 5500 kilowatt hours per month.

Second Deduction. — A price of 2½c. per kilowatt hour will be charged for all electricity furnished under this agreement exceeding 5500 kilowatt hours per month.

Municipal. — If the customer is a Municipality in whose district the Company operates, a deduction of 25% will be allowed on all kilowatts of the demand that are billed at $60.00 per kilowatt per year, and on all kilowatt hours that are billed at 5c. per kilowatt hour.

Schedule — D

PERMANENT ELECTRIC RATES

FIXED COSTS

Electricity for any use in specified premises will be sold, under the following schedule, to any customer who has signed an agreement for at least 50 kilowatts of Permanent Electric Service, embodying the Terms and Conditions of the Company.

A price of $60.00 per year, payable in equal monthly instalments, will be charged per kilowatt of service up to and including 15 kilowatts.

First Deduction. — A price of $36.00 per year, payable in equal monthly instalments, will be charged per kilowatt of service for all kilowatts exceeding 15 and up to and including 55.

Second Deduction. — A price of $30.00 per year, payable in equal monthly instalments, will be charged per kilowatt of service for all kilowatts exceeding 55.

Third Deduction. — A price of $15.00 per year, payable in equal monthly instalments, will be charged per kilowatt of service for all kilowatts exceeding 155, provided that the customer has applied for high tension transmission line service.

These prices do not include the supply of electricity.

RUNNING COSTS

A price of 5c. per kilowatt hour will be charged for all electricity furnished under this agreement up to and including 1500 kilowatt hours per month.

First Deduction. — A price of 3c. per kilowatt hour will be charged for all electricity furnished under this agreement exceeding 1500 kilowatt hours and up to and including 5500 kilowatt hours per month.

Second Deduction. — A price of 1½c. per kilowatt hour will be charged for all electricity furnished under this agreement exceeding 5500 kilowatt hours and up to and including 105,500 kilowatt hours per month.

Third Deduction. — A price of 1¼c. per kilowatt hour will be charged for all electricity furnished under this agreement exceeding 105,500 kilowatt hours per month.

The above prices include lamps and care.

Optional Deduction. — If lamps and care are not supplied by the Company, it will deduct from the net amount of the bill, as otherwise rendered, ½c. per kilowatt hour.

EXCESS COSTS

The Company will provide capacity for intermittent overloads up to 40% in excess of the kilowatts applied for by the customer.

An excess price of 20c. per kilowatt hour will be charged for all electricity furnished at any time in excess of the kilowatts applied for by the customer.

* Demand. — The demand is the greatest amount of electricity used by the customer at any one time. Until such time as the Company installs one or more indicators, automatically to determine the demand, either in whole or in part, it may estimate the demand, but in no case shall it be taken at less than two-tenths of a kilowatt. The demand on any circuit, when an indicator is installed, will be the greatest reading of the indicator between November 1 and the following February 1 of each year, and the demand so determined, beginning February 1 of each year, shall be the demand called for by the agreement for the next twelve months, except that the demand in no case shall be less than one-third of the highest reading during the previous twelve months. The customer has the privilege of having the indicator cut out one night in each month, provided a 48-hour written notice is given to the Company.

The majority of people in Boston and vicinity do their shopping within three hundred yards of the Temple Place Branch of the Old Colony Trust Company.

COPLEY SQUARE—THE BEST LIGHTED SQUARE IN THE WORLD
ELECTRIC LUMINOUS ARC LAMPS

Schedule — D 1

PERMANENT ELECTRIC RATES. (Theatrical)

FIXED COSTS

Electricity for any use in specified premises will be sold, under the following schedule, to any customer, for theatrical use only, who has signed an agreement for not over 150 kilowatts of Permanent Theatrical Electric Service, embodying the Terms and Conditions of the Company.

A price of $2,160.00 per year, payable in equal monthly instalments or in such instalments in advance as are convenient to the customer, will be charged.

This price does not include the supply of electricity.

RUNNING-COSTS

A price of 3c. per kilowatt hour will be charged for all electricity furnished under this agreement.

The above prices include lamps and care.

Optional Deduction. — If lamps and care are not supplied by the Company, it will deduct from the net amount of the bill, as otherwise rendered, ½c. per kilowatt hour.

EXCESS COSTS

An excess price of 20c. per kilowatt hour will be charged for all electricity furnished at any time in excess of 150 kilowatts.

TERMS AND CONDITIONS

For the purpose of determining the amount of electricity used, a meter shall be installed by the Company upon the customer's premises, at a point most convenient for the Company's service, upon the reading of which meter all bills shall be calculated. If more than one meter is installed, unless for the Company's convenience, each meter shall be considered by itself in calculating the amount of the bill. When more than one meter or discount indicator is installed under this agreement, for the Company's convenience, the sums of the consumptions and demands shall, in all cases, be taken as the total consumption and demand.

All bills shall be due and payable upon presentation and shall be rendered monthly, unless either the customer or the Company desires bills rendered weekly, in which case it may be done by adjusting to a weekly basis all the monthly figures referred to in the schedule of rates.

A minimum charge will be made of $12.00 per year per meter, unless otherwise provided, payable monthly and adjusted annually.

The customer will be responsible for all charges for electricity furnished under this agreement until the end of the term thereof and for such further time as he may continue to take the service; except that where the customer has the right to terminate the agreement by notice, which shall be in writing, he shall remain liable for all charges for ten days thereafter.

The customer will be responsible for all damage to, or loss of, the Company's property located upon his premises unless occasioned by the Company's negligence. The Company shall not be responsible for any failure to supply electricity, or for interruption or reversal of the supply, if such failure, interruption or reversal is without wilful default or neglect on its part.

The Company reserves the right to install a circuit breaker, so arranged as to disconnect the service in the premises, if the Company's capacity at that point is exceeded.

If a customer, who is not paying a rate calling for an annual fixed cost, desires to use the electric service as auxiliary to another source of power (excluding, however, small sources of power not exceeding two horse-power), he may do so only by paying a minimum charge of $3.00 per month per kilowatt for as many kilowatts as it is possible for him to use on the service at any one time; this number to be determined by a circuit breaker, so arranged as to disconnect the service if the number of kilowatts is exceeded. If lamps and care are supplied under this agreement, they will be supplied only for such installation as uses the Company's electricity exclusively.

It is agreed that all lamps, plugs, meters and such other appliances as are furnished by the Company shall remain its property. And it is further agreed that all wiring upon the premises of the customer to which the Company's service is to be connected, shall be so installed that the Company may carry out this agreement, and shall be kept in proper condition by the customer.

Permission is given the Company to enter the customer's premises, at all times, for the purpose of inspecting and keeping in repair or removing any or all of its apparatus used in connection with the supply of electricity, and for said purpose the customer hereby authorizes and requests his landlord, if any, to permit said Company to enter said premises.

The benefits and obligations of this agreement shall commence when the Company commences to supply electricity hereunder and shall inure to and be binding upon the successors and assigns, survivors and executors or administrators (as the case may be) of the original parties hereto, respectively, for the full term of this agreement. No agent has power to make, modify or alter this agreement, or waive any of its conditions, or to bind the Company by making any promise or by accepting any representation or information not contained in the agreement.

The first consideration with every one about to open a bank account is the safety of the fund. The Old Colony Trust Company's capital, surplus and stockholders' liability of $17,500,000 offers absolute security to your deposit.

Schedule — E

STREET LIGHTING RATES

Electricity for street lighting use will be sold to Municipalities under the Street Lighting Terms and Conditions printed herewith, in accordance with the following table:

	Description of lamp	Fixed costs per lamp per year	Running costs per lamp hour
	40 candle power Inc. lamp	$10.80	25/100 cent
	60 ,, ,, ,, ,,	12.00	3/10 ,,
	80 ,, ,, ,, ,,	14.00	4/10 ,,
	100 ,, ,, ,, ,,	18.00	5/10 ,,
	200 ,, ,, ,, ,,	25.00	1 ,,
	320 ,, ,, ,, ,,	36.00	1 5/10 cents
	400 ,, ,, ,, ,,	42.00	1 6/10 ,,
	425 watt A. C. Arc. ,,	36.00	1 5/10 ,,
400 candle power Gilbert	500 ,, D. C. ,, ,,	36.00	1 6/10 ,,
800 ,, ,, Magnetite	500 ,, D. C. ,, ,,	42.00	1 75/100 ,,
1600 ,, ,, Thoran	500 ,, D. C. ,, ,,	42.00	3 2/10 ,,

All readings of candle power and watts to be average and not individual.

First Deduction. — A rate of 1c. per hour per incandescent lamp and 5c. per hour per arc lamp will be allowed for all outages in any month, provided written notice of same is received by the Company on or before the 5th of the succeeding month.

Second Deduction. — When agreements are made for periods longer than one year, a discount of one per cent per year will be allowed for each year up to ten.

Commercial customers may purchase electricity for street lighting purposes by signing the appropriate agreement and paying prices in accordance with Schedule E.

STREET LIGHTING TERMS AND CONDITIONS

1. The lamps, poles, wires, fixtures and other apparatus, appliances and materials necessary for the performance of this Agreement, except posts for incandescent lamps supplied from underground circuits, shall be furnished by the Company and kept in good order and condition by it. The lamps shall give a clear and steady light. The Company shall furnish electrodes (carbons) for and trim all arc lamps, and will renew incandescent lamps whenever they become dim, broken or burned out.

2. Payments hereunder shall be made monthly on the regular pay day of the Municipality.

3. The Company will give the Municipality the benefit of any lower prices for service such as that herein provided for, or of any better quality or efficiency of service, which may at any time during the continuance of this Agreement be enjoyed by any Municipality served by it, such relative prices, quality and efficiency to be determined by taking into consideration all the circumstances and conditions in both cases. Upon written demand by the Municipality the Company shall thereafter give to the Municipality the benefit of two thirds of any general reduction in the present cost to the Company, including depreciation and interest on investment, of supplying the service called for by this Agreement, but only so long as and to the extent that such decreased cost shall continue. If at any time during the continuance of this Agreement the Company and the Municipality shall disagree upon any matter embraced in this term and condition, it shall be referred to the arbitration of three disinterested persons, selected one by the Municipality, one by the Company, and the third by the other two, a decision of a majority of whom shall be binding upon the parties, provided the constitutional rights of either party shall not thereby be infringed.

The majority of the accounts in the Old Colony Trust Company are those of individuals and small business houses. The officers and directors realize the importance of this class of business and every possible facility is provided.

4. The Company will indemnify and save harmless the Municipality against any and all claims for damages, loss, cost and expense on account of injury to persons or property arising in any way out of the erection, construction, maintenance or use of any of the lamps, poles, wires, fixtures and other apparatus and appliances furnished by the Company hereunder, except where such injury is the result, in whole or in part, of the fault or neglect of the Municipality, its officers, servants or agents, while acting as agents of the Municipality; and against any and all claims for damages by reason of any alleged infringement of patent rights in the use of lamps, poles, wires, fixtures, machinery and other apparatus, appliances and material supplied by the Company hereunder; and will, at its own expense, assume the defence of all actions at law or in equity which may be brought against the Municipality upon any claims as aforesaid, and also against all decrees, judgments and orders of any court based thereon.

5. The Municipality may at all times, with or without the Company's knowledge, employ a competent person to examine and test the electrical currents and apparatus employed in furnishing the lighting service herein provided for, to ascertain whether or not the Company is complying with the terms of this Agreement, and for such purpose the Company agrees that such person may have access at all reasonable times to said lamps, poles, wires, fixtures and other apparatus of the Company used in carrying out this Agreement.

The Municipality will indemnify and save harmless the Company against any and all claims for damages, loss, cost and expense on account of injury to persons or property arising in any way out of the employment, act or neglect of any such person, except such as may arise, in whole or in part, from the fault or neglect of the Company, its agents or servants, while acting as agents of the Company.

In case two tests of any circuit or lamp shall be made, separated by an interval of not less than one hour, during any one night, and both of said tests shall prove that the Company is not furnishing the electrical energy or light required by this Agreement, then such circuit or such lamp shall be deemed to be outages as provided herein.

6. Such additional lamps shall be installed, without charge to the Municipality, as may be designated by the Municipality at any time before notice is given to terminate this Agreement, provided the Company shall not be required to extend its lines more than four hundred feet overhead, or in localities served by underground construction more than one hundred feet underground, to reach any lamp; but the Municipality may require extension of lines for additional lamps at any time during the term of this Agreement, by paying the cost of so much of the extension as exceeds that herein required to be made by the Company, such payments to apply as credits on future bills for lighting on such additional lines. Whenever requested by the Municipality, the Company will change the location of any lamps at the expense of the Municipality, not exceeding, however, five dollars for each arc lamp and three dollars for each incandescent lamp so moved, unless new lines or poles are required.

7. The discontinuance of any street or highway shall have the effect of discontinuing whatever lamps may have been located on such street or way. The Municipality may at any time discontinue a lamp or lamps for reasonable cause, but the number of lamps of any type in service at any time shall not, except as hereinbelow provided, be less than ninety-five per cent of the maximum number of such lamps in service under this Agreement at any time prior thereto. In case of such discontinuance the installation of any lamps at other locations shall be charged for the same as changes of locations under Article 6 hereof until the original number installed shall again have been reached. Lamps of any type may be substituted for lamps of any other type if the Municipality pays the total expense of making the change and the total amount of payments by the Municipality hereunder at the then standard rates is not thereby diminished.

8. Should the Municipality at any time find that the Company is not complying fully with the terms and requirements of this Agreement, the Municipality shall immediately notify the Company of such fact, and the Company shall at once remedy the fault, but failure to give such notice shall not impair any obligation of the Company. But the Company shall not be responsible for any failure to supply electricity if such failure is without default or neglect on its part.

9. If the Municipality shall at any time during the continuance of this Agreement be required to purchase the whole or any part of the plant of the Company located within the limits of said Municipality, under the present law, or any amendment thereof, the Municipality shall not be holden for the unexpired term of this Agreement, nor shall this Agreement or the unexpired term thereof be in any way considered as an element of value in such purchase; provided, however, that in case of such purchase the Municipality shall not be entitled to the full discount provided for in this Agreement unless it shall have been in operation for the full period thereof. If the Agreement shall not have been in operation for the full period thereof, because of such purchase, the accounts between the Municipality and the Company shall be adjusted so as to make the total net payments by the Municipality to the Company what they would have been if the Agreement had been made for the period during which it was actually in operation.

The Old Colony Trust Company is authorized to act in the administration of estates with all the powers that are given to individuals.

BOSTON CONSOLIDATED GAS COMPANY

RATES FOR GAS AND PARTNERSHIP WITH THE PUBLIC AND WITH ITS EMPLOYEES

1. "Sliding Scale" Act
2. Profit-Sharing Plan
3. Representative of Employees on Board of Directors

1. SLIDING SCALE ACT

In the endeavor to provide a means of regulating the price of gas in the City of Boston, which would be satisfactory both to the public and to the Company, a plan was adopted similar to a system long employed in England but having no example in this country at that time. The method of regulation referred to has been applied specifically to Gas Companies and is called the Sliding Scale.

The principle of the "Sliding Scale" is as follows:

A standard price of gas is established and a standard rate of dividends. Both the price and the rate of dividends are intended to be fixed on such a basis as to secure an adequate return on the money invested in the business. For every reduction in the price the Company is allowed to increase correspondingly the rate of dividends which may be paid.

In Boston the standard price for gas was fixed by an Act of the Legislature at 90c. per thousand cubic feet. The standard rate of dividends was fixed at 7%. For every reduction of 5c. in the price of gas the Company may, during the following year, increase the dividend rate 1%.

The act provides a reserve fund for emergencies which may be set aside each year up to 1% of the capital, until the fund becomes equal to 5% of the capital stock. If an excess is earned above the amount provided in the reserve fund such excess is to be paid to the towns in which gas is sold in proportion to the miles of main in each.

Issues of additional stock are to be valued by the Board of Gas and Electric Light Commissioners. Before the new shares are offered to the stockholders of the Company they shall be offered for sale by public auction, and no bid is to be accepted for less than the price fixed. Any stock not sold at auction is to be offered at the fixed price to the stockholders. Any stock so offered and not sold shall again be offered for sale at public auction.

After ten years' time, upon the petition of the Company, or upon the petition of the mayor or selectmen of the cities and towns in which the Company is supplying gas, the Board of Gas and Electric Light Commissioners shall have the authority to lower or raise the standard price to such extent as may justly be required by reason of greater or less burdens which may be imposed upon the

Interest-bearing accounts subject to cheque may be opened at either office of the Old Colony Trust Company and the two offices used interchangeably for the transaction of your banking business.

Company by reason of improved methods in the art of manufacture, by reason of changes in the prices of material and labor, or by reason of changes in other conditions affecting the general cost of manufacture or distribution of gas.

Since the passage of this Act the price of gas has been twice reduced, on July 1, 1906, to 85 cents, and on July 1, 1907, to 80 cents, which is the present rate. At the same time the rate of dividends has been increased from 7 to 9%. For the year ending June 30, 1907, the first year in which the Sliding Scale was put into effect, the sales were about three and three-quarter billions. The reduction of 5 cents that year amounted to about $190,000, while the extra 1% of dividends which were allowed amounted to about $150,000.

During the year ending June 30, 1908, sales were about four billion, and the additional reduction at that time, together with the previous reduction mentioned above, resulted in a saving to the public of about $400,000. The Company received an extra 1% in dividends, making the rate 9%, or an increase in the total amount of about $300,000 per year for the stockholders.

In this connection it may be mentioned that the various companies which went to make up what is known as the "Boston Consolidated Gas Company" were consolidated on June 15, 1905, and between that time and the date that the Sliding Scale went into effect, the new Consolidated Company reduced its price of gas 10c. per thousand feet, so that the public between June 15, 1905, and July 1, 1907, received a reduction in price of 20c. per thousand cubic feet, this reduction being brought about by the consolidation and the Sliding Scale.

The sales for the year ending June 30, 1911, were four billion five hundred million cubic feet, and the saving on this amount to the public at the present price as compared with the price in June, 1905, was about $900,000. It is evident that the proportion of the profits given to the public is increasing and will increase more rapidly than the amount of the profits given to the shareholders.

It should also be stated that although the actual book value of the property represented by the investments of the Company amounts to nearly $25,000,000 the capitalization is only about $15,000,000. Consequently a dividend of 9% on the capital of about $15,000,000 is equivalent to about 5½% on the actual book value of the properties.

The public is interested primarily in low prices and good service. The amount of dividends paid to the stockholders of the Company does not interest the public unless such payments prevent them from getting low prices.

When the payment of extra dividends is not only prohibited unless reductions in the price are made, but increases in the rate of dividend are actually offered as a reward for reduced prices, then the public joins willingly in the partnership.

With the incentive of increased dividends before them as a result of the display of special energy and ability in conducting the business, managers of such undertakings will use every effort to introduce economies and to increase sales in order that the price may be reduced and the dividends increased. The public will receive the benefit of this increased effort in lower prices.

With ample floor space and a most economical arrangement of the various departments, the Old Colony Trust Company offers its customers that prompt and efficient service to be obtained only in a thoroughly modern banking institution.

As far as the local public is concerned nothing but praise is heard of the application of the Sliding Scale in Boston, as would naturally be expected when their share of the profits has actually been greater than that of the Company. Besides the reductions in price which have resulted, it is believed that the partnership with the public which this Act creates develops that mutual good will and confidence which are essential in the relations of all Public Service Corporations with the public.

2. PROFIT-SHARING PLAN

Carrying this principle of partnership still further, the Company inaugurated a plan of dividing profits with employees, thus creating a partnership with them on a similar basis to that already in force with the public.

The object of the plan is to give the most efficient employees an owner's interest in the business, thus furnishing a financial incentive to each individual to promote the prosperity of the Company.

Premiums calculated on the annual salaries are paid to those eligible as profit sharers at the same rate as the dividends for that year on the stock of the Company. Under the so-called "Sliding-Scale Act" of 1906, by which the rate of dividends is increased 1% for every 5c. reduction in price of gas, the increase in the amount of premiums to be apportioned is dependent ultimately upon reduction in the price of gas. Reductions in the price of gas will come as a result of increases in the business and improved economies in operation. Consequently there is a very direct relation between the collective efficiency of the employees and the percentage of the apportionment, which should result in increased effort on their part to reduce the price of gas and thus increase their proportion of the profits.

Only those employees who have been in the employ of the Company for one year before the beginning of any fiscal year shall take part in the apportionment which is made at the end of that fiscal year. This rule requires that an employee shall have been with the Company at least two years before he receives any part in the profit-sharing fund. Besides this time limitation a very careful selection is made through the heads of the various departments of those who shall participate in the apportionment. Only those employees who have shown the greatest regularity, intelligence and energy in the business of the Company are included.

This restriction is a very important part of the success of any plan of profit sharing with employees, as it prevents the employees from accepting the apportionment merely as an increase of their salary instead of a reward for actual merit applicable only to the best employees.

Besides this very careful selection, a profit sharer is sometimes dropped from the roll for cause, as a disciplinary measure.

It is the endeavor to make the list of profit sharers a roll of honor. The names of all profit sharers are posted in a conspicuous place in their respective departments, so that employees will know who in their department are profit sharers.

At both offices of the Old Colony Trust Company every banking facility is at the service of its customers and no opportunity to provide for their comfort and convenience has been overlooked.

The privilege of being a profit sharer is considered an endorsement by the Company to every employee who is on the list, and should be worth more than any other kind of a recommendation to an employee, should he leave the employ of the Consolidated Gas Company and go elsewhere.

The premiums are calculated on the salaries or wages, for the twelve months of the fiscal year without reduction for sickness, except for the excess above two months' absence.

Profits are due at the end of the fiscal year. No employee voluntarily withdrawing or dismissed during the twelve months preceding shall be entitled to receive any premium for that year, but shall receive any balance due for premiums of the previous year. In case employment is terminated by death or accident a premium based on the previous twelve months is paid to worthy employees.

Premiums shall be applied toward the purchase of one or more preferred shares of the capital stock of the Massachusetts Gas Company, the holding Company, at their then market price. Any balance remaining shall remain to the credit of the employee on the books of the Company, carrying interest at the rate of 4% per annum.

Shares bought for employees shall be their absolute property, but it is understood that shares are not to be sold without the approval of the Directors, as the success of the plan is dependent upon an accumulated interest in the stock of the Company. The Directors reserve the right to drop any employee who sells his stock, from the list of profit sharers for at least one year.

Additional cash payments toward the purchase of shares may be made by employees and these will carry four per cent interest.

The rules may be amended or the profit-sharing plan discontinued at any time by the vote of the Directors of the Company, but any such action shall not go into effect until after the date for the declaration of premium next following.

Dividends have been paid the profit sharers as follows:

Amount Apportioned

9 months ending June 30, 1907,	$26,029.15, being 7% dividend on profit-sharer's wages.
Year ending June 30, 1908,	$43,986.37, being 8% dividend on profit-sharer's wages.
Year ending June 30, 1909,	$48,827.64, being 9% dividend on profit-sharer's wages.
Year ending June 30, 1910,	$47,241.99, being 9% dividend on profit-sharer's wages.
Year ending June 30, 1911,	$48,225.42, being 9% dividend on profit-sharer's wages.

Total, 4 years 9 months, $214,310.57.

The total number of employees June 30, 1911, was approximately 843, of which 574 were profit sharers.

The majority of people do not realize the tremendous safe guards provided for the protection of valuables in the vaults of the Old Colony Trust Company. Your inspection is cordially invited.

The above statement shows that, in not quite five years, there has been created on the part of employees an ownership in the business of about $214,000.

At the present rate of apportionment in one year more, each employee, who has been employed the full period, will have an ownership in the business of about one-half of his annual salary.

It is believed that the profit-sharing plan is working out very satisfactorily. Besides the interest in the business which is induced by actual ownership, the saving feature is extremely valuable, not only from the economical advantage to the employee himself in laying by a fund of this kind, but to the Company in having employees who have established themselves on a sound financial basis.

The care in choosing the employees to come under the profit-sharing plan, and the selection of those only who do the best work for the Company, the inducement given to employees to increase their efficiency by reason of the increase in dividends which will result, are the most important features of the profit-sharing plan. Satisfactory results are dependent upon these or similar principles.

3. REPRESENTATIVE OF EMPLOYEES ON BOARD OF DIRECTORS

The logical extension of the plan by which employees secure an ownership in the business is to have them represented on the Board of Directors in order that they may have a voice in the management of the Company. Accordingly the Company has recently invited the nomination on the part of the profit sharers of a representative of their own selection to serve as a Director of the Company during the coming year.

This plan has been patterned largely on that so satisfactorily employed by some of the London companies where it has proved eminently successful. It is believed that this direct participation in the management of the Company will still further serve as an incentive to the employees to increase their efficiency. If they feel that their own individual effort will result in increased profits to them and that their own interests are represented on the Board of Directors by one of their own number they are bound to work more cheerfully and effectively. The value to any business of increasing the intelligent and carefully directed effort on the part of its employees cannot be overestimated, and in the case of this Company the operation of the profit-sharing plan has been a great factor in effecting the desired result. By dividing profits on the one hand with the public in the form of reduced prices, and on the other hand with employees by a dividend on their wages, such a joint partnership among the public, the employees and the Company is created that every effort on the part of the management and the employees will be directed to the mutual advantage of all the partners to the business, the stockholders, the employees and the public.

THE FINANCIAL YEAR IN BOSTON.

Some of the Uncertainty Which Prevailed in 1910 Not Yet Cleared Away.

The Principal Events of the Twelve Months in Banking, Stock Exchange, Railroad, Industrial and Public Service Circles.

The year 1911 has not been a very satisfactory one for the financial interests in Boston. An abundance of funds and low money rates have kept banking profits down and the smallest sales of stocks for years have cut down commissions of brokers. Bond dealers have not suffered as have the strictly stock brokerage houses, business with the former having been fair, in some cases good.

The uncertainty which clouded the situation at the end of 1910 continued to a considerable extent throughout the year, conditions changing somewhat. The uncertainty as to the outcome of the anti-trust cases being succeeded by uncertainty as to the meaning of the decisions and as to where the department of justice (?) would strike next. The tariff uncertainty still remains and with it comes the uncertainty of a presidential year.

The situation however is not without its brighter aspects. Through the Los Angeles confessions, labor has received a great blow and one which may result in reorganization under sane leaders. Attacks on business by political demagogues are being frowned upon and discouraged. The public is not only becoming nauseated with that sort of a thing but it is beginning to see the effect on trade of such a campaign of destruction.

Trade is at present confined to the normal requirements of the people and there is no disposition to anticipate the future outside of the iron and steel industry where a low level of prices has attracted large buying. The general business outlook is more hopeful than at any time during the year, the textile situation being notably improved.

Interest and dividend disbursements in Boston and vicinity for the year are estimated at $200,000,000 as compared with $200,000,000 in 1910, $181,000,000 in 1909 and $157,000,000 in 1908.

THE BANKS.

Record Deposits for Clearing-House Members—No Mergers Nor Failures.

There have been no additions, consolidations nor failures among the banks of Boston during 1910. Negotiations were under way for some time for a merger of the Merchants and State banks but they came to naught.

There has been one addition to the trust companies, the Charlestown Trust company. The Old Colony Trust company increased its capitalization from $2,500,000 to $5,000,000 and the United States Trust company from $200,000 to $300,000.

The Commonwealth Trust company moved into its new banking rooms on the first floor of the new stock exchange building, the Security Safe Deposit company occupying the safe deposit vaults adjoining. The Exchange Trust company moved from the Worthington building in State street to Milk street, the State Street Trust company taking the quarters vacated by the Exchange Trust company.

The Mutual National Bank will occupy the old quarters of the State Street Trust company. The Second National bank will move to the new building on Devonshire street opposite the post office and the Merchants National Bank will take the banking rooms in the Sears building occupied now by the Second while the new building which the Merchants is to erect on its present site is under construction.

Deposits in savings banks have increased during the year. The Eliot Five Cent Savings Bank and the Institution for Savings in Roxbury increased their interest rate from 3 1-2% to 4%. The New England Trust company increased its rate of dividend from 16% to 18% a year.

The clearing house banks held deposits of $240,000,000 on Jan. 1., which were increased to $295,000,000, Nov. 4, the highest amount on record, since which date they have decreased to about $275,000,000. Exchanges for the year will be about $1,000,000,000 less than in 1910.

During the year final dividends were paid in liquidation on the National Suffolk bank and the Metropolitan National bank. Stockholders of the former received a total of $136.62 a share and of the latter $163.

Robert F. Herrick bought control of the Blue Hill National bank of Milton at $185 a share and was elected president. Charles L. Burrill resigned as president of the Paul Revere Trust company and was succeeded by Edmund Billings. Henry M Whitney was elected president of the Boulevard Trust company of Brookline at Coolidge Corner. J Homer Pierce was elected president of the Franklin Savings bank

THE STOCK EXCHANGE.

Occupying Its New Building—Transactions Smallest In Years.

Early in the year the Boston stock exchange moved into its new building at the corner of Congress street and Exchange place. The old quarters of the exchange have been completely renovated and a part of them retained for the use of the officers, the clearing house and the bond room.

Transactions on the stock exchange have been much smaller than for years, total sales being 8,000,000 shares as compared with 11,000,000 in 1910, 15,000,000 in 1909, 13,000,000 in 1908, 14,000,000 in 1907 and 18,000,000 in 1906.

There have been but few transactions in seats, the prices ranging from $27,000 to $23,000 as compared with a high price of $38,500 in 1907

The only failure which occurred among the exchange members during the year was C. A. Putnam & Co., which did not affect any other firm and was relatively unimportant.

THE RAILROADS.

New Haven Validation Report—Boston & Maine Dividend Reduced to 4%.

There have been important developments in the railroad situation in New England in 1911, the first of which was the report of the state commission appointed to ascertain the physical valuation of the New Haven railroad as compared with its outstanding obligations in the hands of the public.

This commission reported that it found an excess of $102,133,237 of assets over total indebtedness, thus putting an end to the libel circulated by the Mellenphobists that the New Haven was in a bad way and on the verge of bankruptcy.

The New Haven purchased of the New York Central one-half of its controlling interest in the Rutland railroad and is now petitioning the public service commission of New York for permission to exchange its controlling interest in the New York, Ontario & Western for the balance of the Rutland stock held by New York Central which would give it complete control of Rutland and give to New York Central control of New York, Ontario & Western.

The New Haven also executed an agreement with the New York Central under which it assumes one-half of the deficit of Boston & Albany in return for some trackage rights over that road, an arrangement which is already proving profitable both to New Haven and Boston & Albany.

The Boston & Albany is now operated from Boston, the executive head being located here and taking orders only from the president of the New York Central lines where formerly everything was directed from New York.

The Boston & Maine reduced the dividend on its common stock from 6% to 4% and the stock sold below par for the first time for decades The increase in wages without any compensating increase in rates for traffic wiped out practically the entire surplus after preferred dividends for the year.

A great deal of money is being expended on Boston & Maine to bring it up to a high physical standard, and President Mellen is of the opinion that within four or five years the dividend will be restored to 6% at least. During the year Boston & Maine absorbed the Worcester, Nashua & Rochester, heretofore operated as a leased line The Hoosac tunnel was also electrified.

Maine Central made relatively the best showing of the New England lines for earnings. The capital was increased from $5,000,000 to $10,000,000 by offering stockholders one new share for every share held at par and the dividend was reduced from 8% to 6% per annum on the enlarged capitalization. Maine Central has gone into the hotel business by the purchase of all the stock of the Ricker Hotel company, operating summer hotels at Rockland and Moosehead Lake.

Eastern Steamship has had a very prosperous year and it has recently been proposed that the capitalization should be increased and the Metropolitan and Maine Steamship companies absorbed so that the company would control coastwise traffic between the provinces and New York city outside of the Sound lines.

On account of the proposed capitalization being larger than that of the existing companies, the mayor of Boston has attempted to block the consolidation, although there does not appear to be any law on the books to compel a man to sell his shares at par when they are worth a great deal more than that. Eastern Steamship has been paying 5% a year and could easily show twice that.

The Atlantic, Gulf & West Indies lines have not had as prosperous a year as in 1910 but the operating companies have earned their interest and sinking fund requirements and also paid in dividends to the holding company a sufficient amount to meet the interest requirements of the collateral trust 5s No attempt is being made to show anything for the preferred stock until the properties are in better physical condition.

THE INDUSTRIALS.

Boston Owned Companies Have Generally Satisfactory Year—Larger Dividends.

Several important events have taken place in the industrial field of Boston-owned companies in 1911, and the results of all the companies have not been so unsatisfactory as might have been expected judging from prevailing conditions

American Woolen proposed a plan to reduce its capitalization from $70,000,000 to $60,000,000 by the retirement of 100,000 shares of common stock This was opposed by preferred stockholders until it was found that authority had been given the directors years ago at an annual meeting to purchase common stock of the company for the treasury and that the stock had been bought at low prices. The plan was then approved and President Wood agreed that there should be no dividends declared on the common stock before March, 1912.

East Boston company bought Boston Land company on the basis of $4 a share for the latter, giving East Boston 45,000,000 square feet of land. George B. James succeeded Henry M Whitney as president of the company and a vigorous campaign of advertisement was entered upon with a trained man at the head This has resulted in the largest sales of land for many years with prospects of continued opening up of this long undeveloped tract.

American Agricultural Chemical instituted common dividends at the rate of 1% quarterly. This action followed a long consideration of the question and was taken with a view of maintaining this rate at least with a gradual increase to 6% per annum The company did not have quite as good a year as in 1910 but earned about 9% on the common. It has acquired immense phosphate lands in Florida and now has enough phosphate rock to meet its requirements for 200 years.

American Soda Fountain was reorganized by scaling its capitalization from $3,750,000 of stock in three equal classes to $1,250,000, all of one class.

Stockholders of Chicago Junction Railways & Union Stock Yards accepted an offer to exchange their stock which has been receiving 8% per annum for stock in a new company which should be guaranteed 9% a year or for 5% bonds on the basis of 200 for the stock. Two-thirds of the old stockholders took stock and one-third bonds.

In order to bring its capitalization more in keeping with its assets and volume of business, Amoskeag Manufacturing company surrendered its charter and became a voluntary association with trustees instead of directors. Stockholders received two shares of 4 1-2% preferred stock and three shares of common stock in the new trust for every share held in the old company. Dividends have now been started at 75 cents quarterly on the common stock, which will give former holders $18 a year in place of $12 a share on the old stock.

Plymouth Cordage increased its capitalization from $2,500,000 to $3,000,000 by the issue of 5000 new shares at par.

The Torrington company paid a stock dividend of 10% to common stockholders at the beginning of the year

United Fruit earned about 17 1-2% on its stock and paid the usual extra dividend of 10% in stock Sugar earnings were reduced by the low price of raw sugar during the greater part of the year combined with smaller production due to a severe drought.

United States Envelope has reduced the accumulation on its preferred stock to 7% and with earnings running at the rate of 10% on the common should be able to liquidate this amount easily in the coming year.

In addition to Rhode Island Coal, Island Creek Coal, Federal Coal & Coke and the J. B. B. Coal company, all owned by Boston investors, Pond Creek Coal has been formed and 150,000 shares out of an authorized issue of 200,000 shares sold at $15 a share, par $10.

United Shoe Machinery has been constantly harassed by state and federal governments, indicted by the former and its dissolution asked by the latter. Its dear friends, the shoe manufacturers who are prevented from forming a trust through its leasing policy, are also grilling it in the newspapers whenever anyone will print anything from them.

In the meantime its earnings are larger than ever before, the small shoe manufacturers whom it has enabled to go into business are overwhelmingly in favor of its present policy and terms and it is evidently now for the courts to decide whether the Sherman law means a shoe trust or an opportunity for the smallest manufacturer to make a living.

Holders of American Pneumatic second preferred are still looking for that dividend which has not yet arrived. According to official announcements, it is earned, but the stockholders have been fooled so many times that they are not going to believe anything more until they get their checks.

Swift & Co. naturally suffers from the indictment of the packers at Chicago but is more concerned with the order that the British government shall buy no more products of the indicted packers. The large corn crop should mean more cattle and stock.
